UNIVERSITY of HULL | Centre for Addiction & Mental Health Research

MENTAL HEALTH AND ADDICTION RESEARCH

WHO WE ARE

At our research centre, we want support for mental health & substance use to feel easier for everyone. Many people say getting help can feel hard. Some feel misunderstood. Some feel left out. We want to change this, and we need your help to do it.

WHAT ARE WE DOING

Bringing together groups of young people and parents/carers of young people with lived experience, to shape our research.
We want to hear from all voices and communities across Humber & North Yorkshire.

WHY YOU SHOULD GET INVOLVED

As a parent/carer, your voice has as much value as anyone else, 'having the experience of working with a young person with lived experience' is valuable to us and you can help us shape our research to fit everyone!

PATIENT AND PUBLIC INVOLVEMENT

PPI is the foundation of our research, we work with young people, adults, carers and many other professionals.

WHAT WE CAN OFFER YOU

- Vouchers and bursaries are available.
- Experience of research and learn how your voice shapes decisions.
- We will tell you what changes because of your input.

How to get involved
