New Traffic Signal at Santa Cruz Avenue and Elder Avenue

MENLO PARK, CA - The City of Menlo Park, in partnership with the Menlo Park City School District, has just completed the installation of a new traffic signal at the intersection of Santa Cruz Avenue and Elder Avenue, near Hillview Middle School. The new traffic signal was activated and has been operational since yesterday. In conjunction with this project, the existing pedestrian traffic signal on Santa Cruz Avenue in front of Hillview Middle School has been removed and deactivated.

During the first week of school at Hillview Middle School, City staff will be on-site during school drop-off and pick-up times to further fine-tune the new traffic signal's operations and to address any issues that might occur.

If you have questions regarding this project, please contact Atul Patel at (650) 330-6740.
