Protect Your Valuables

Burglary seems to be a growing trend in our city and I wanted to recommend this suggestion to keep many of your valuables safe. Gold and other Jewelry are the most common items taken largely due the increased value of gold at this time. If you have Heirloom Jewelry or highly valued personal items that you **don't mind loosing**, keep it in one of these.

If you have stuff that you are **not willing to lose**, I suggest you keep it in one of these or a safe!

SECRET CANDLE SAFE™

BOOK VAULT®

Most burglary suspects go for Jewelry, Guns and High-end Electronics (Laptops, I pads, Iphone). On every burglary report that I have taken, the suspect almost always enters the bedroom to go through the jewelry box and to look in the closets. Don't make it easy for them!!!!!!!!!!
