*A few key points

- Please remember that some crimes are preventable and you can do your part!
- Please remember to secure all values before you exit your vehicle! (GPS, Laptops, Purses, Cell Phones, etc) **And don't forget to lock your doors!**
- Please remember when you make a new purchase (Televisions, Game Systems, Stereo Equipment, etc) to record the model and serial numbers of the items along with the value of these items at the time of purchase! Remember to keep the information in a secured location!
- Photographs of your valuables (Jewelry, Electronics, and Special Coins etc) are very important to help with the recovery of your property!
- When planning to be away from home on vacation don't forget to stop your paper delivery and have someone pick up your mail.
- Remember that sometimes criminals study the obituaries and plan burglaries around times that you may be away from home attending the funeral of a loved one. Always make plans to have someone watch your home during the times that you are away!
- Remember to never leave your doors or windows unlocked when you leave your home; because thieves could be watching!

With your help, together we can prevent and solve crimes.
