The 6th Division has received several complaints regarding this type of scam. Please take a second to review the pamphlet from the IRS.

IRS warns of phone scam targeting taxpayers around the country, including recent immigrants

Don't be a victim

Scammers prey on victims by saying they owe the IRS money. They insist victims pay immediately through a pre-loaded credit card or wire transfer to avoid arrest, deportation or suspension of a driver's or business license.

Remember:

- 1** The IRS never asks for a credit card number over the phone or requests the use of a pre-paid debit card or wire transfer.
- 2** The IRS never initiates contact with taxpayers by email, text message or social media to request personal or financial information.
- 3** The IRS never asks for PINs, passwords or similar confidential access information for credit card, bank or other financial accounts.
- 4** The IRS never discusses the possibility of arrest from the police department, any license revocation or deportation because that is not under its authority.
