### Toward a More Perfect Union: Bringing Criminal Justice Reform to Our Communities

The United States is the world's leader in incarceration, with 2.2 million people currently in the nation's prisons or jails. Mass incarceration and over criminalization have particularly affected communities of color, which make up more than 60 percent of the population behind bars. Please join the Center for American Progress for a discussion of how we can begin to reverse the trend of over criminalization of people of color and address its lasting consequences, including reforming policing practices and removing barriers to opportunity for people with criminal records.

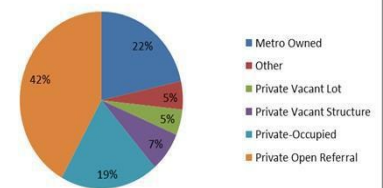

Please visit <https://www.americanprogress.org/events/2015/05/15/113385/toward-a-more-perfect-union-bringing-criminal-justice-reform-to-our-communities/> to watch this special broadcast

### Cameras Continue to Catch Illegal Dumpers

*number of dumping incidents trending downward*

Through the first eleven months of the current fiscal year, there were 1,143 suspected illegal dumping cases reported to MetroCall. The good news is, that means that at the June 30 end of the budget year, we will probably have fewer dumping cases than the 1,490 reported the previous year. That figure was already a drop from 1,862 in the July 1, 2012 to June 30, 2013 period. The downward trend coincides with the deployment of surveillance cameras in known trouble spots and a Metro Council ordinance authorizing seizure of vehicles involved in dumping until fines are paid. Recently, two motion activated surveillance cameras behind River Park Drive in early May. Enforcement staff tracked down the vehicle and notified LMPD. The violator was issued a citation for \$750 for pick-up and cleaning fees.

### West Louisville Food Port Natures Methane Public Meeting

America's Finest Filters—2910 West Jefferson Street

Tuesday, June 16th at 6:30 pm

Steven Estes, President of Natures Methane Holdings LLC, invites the District 5 residents to join in a meeting to learn about a project that he would like to build in District 5 at the West Louisville Food Port project that will be built at 3029 W. Muhammad Ali Blvd. Natures Methane Holdings takes organic waste such as food and yard clippings and through a natural process breaks down these materials to create renewable natural gas that is placed into the gas pipeline system.

Over 100 property owners from the District 5 neighborhood have been specially invited as well as several community groups. We will give a brief overview of the project and then want to address any questions or concerns you may have about the project. Light refreshments will be served.

Anyone that has an interest in preserving and documenting West Louisville history and/or placing markers at historic West Louisville sites, is specially invited to an organizational meeting at the office of **District 5 Metro Councilwoman Cheri Bryant Hamilton** on **Tuesday, June 16th at 2 pm** at City Hall 3rd Floor, located at 601 W. Jefferson Street.
