AGAPE PLASTICS, INC., OTTAWA COUNTY, 0-11474 1st AVE NW, GRAND RAPIDS, MICHIGAN 49544, Written comments are being accepted on a proposed modification to a conservation easement held by the DEQ associated with permit 96-09-0256-P in order to remove 1.6 acres from the conservation easement to accommodate development of the Tallmadge Township Industrial plat. The proposed modification will remove an area currently providing minimal wetland functions and values as the area serves as a first-flush storm water detention basin. In exchange, Agape will work DEQ staff and the Ottawa County Waters Resources Commissioner to preserve, restore, and/ or create wetlands, within, or in the proximity to the Sand Creek Watershed, within one year of commencing construction of the facility, to assure the proposed mitigation project will further the purpose and intent of the original conservation easement agreement. The project is located in T7N, R13W, Section 24, Tallmadge Township, Ottawa County, Michigan, in accordance with plans attached to the public notice package. The entire copy of the public notice package may be viewed on-line at <http://www.deq.state.mi.us/lwmpnh/>. To access the public notice package on-line, enter the file number on the left panel and view by clicking on the icon next to the public notice date.
