Pioneer Days 1 & 2- Campers travel back in time to the early 1800s. Using games and activities, they pack a wagon, head west to Michigan, build shelters and log cabins, live off the land and survive as pioneers. It’s not all work, however–kids also make toys and play the games of pioneer children.

Music & Dance- Get ready to sing songs, learn simple dance steps, make and play simple instruments and enjoy the music of the 19th and early 20th centuries. No prior musical training is required for this fun-packed mini-camp!

Games on the Green 1 & 2-This camp involves lots of fun, active outdoor play. Pioneer toys, Victorian-era parlor games, team sports, relay races, an obstacle course, and games from around the world are just some of the ways kids will play during this week of energetic, battery-free enrichment.

Ready, Set, Build! 1& 2- Young inventors will love this highly interactive camp. Kids will experiment with simple machines, build boats, launch aircraft, and operate catapults and other things that *GO!* The camp fee includes a Friday morning field trip to Stony Creek Metropark for a Voyageur Canoe trip.

Let’s Get Cookin’!- Young cooks will prepare fresh, healthy meals from scratch. We’ll use vegetables from our log cabin’s kitchen garden and other ingredients and learn techniques and recipes from the 1800s.

History Mysteries- Young detectives will follow clues, decipher codes, and excavate artifacts to solve local historical mysteries. The camp fee includes a Monday afternoon field trip for a special behind-the-scenes tour of the Cranbrook Institute of Science natural history and science collections.

Old Time Trades & Crafts 1 & 2- This hands-on camp teaches kids the trades of the blacksmith, tinsmith, chandler, leatherworker, milliner, and others through engaging activities, crafts, games and contests. Campers will also develop their own museum exhibit for their families and the public to enjoy.
