## 2016-2017 BIENNIAL BUDGET FACT SHEET Governor Recommendations

The Governor proposes increased funding to the Department of Natural Resources (DNR) of \$105 million (including \$72 million from Legacy Funds) for strategic investments that further our mission and accomplish his goals of 1) Creating jobs and improving Minnesota’s competitiveness; 2) Improving how state government works to deliver the best services at the best price; and 3) Creating a sustainable, balanced budget.

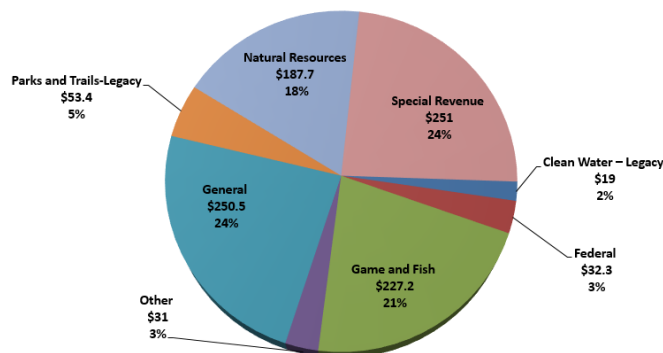

The recommendations represent a 5% increase to our 2014-15 base funding. Increased expenditures of \$117 million are offset by \$12 million in revenues. See the table below for details by fund and the biennial comparison table on page three.

• Does not include Environmental Trust (LCCMR) or Outdoor Heritage Funds.  
• Dollars in millions

New General Fund dollars focus on maintaining parks services and making critical investments in state forests. The table below shows our general fund proposals.

### GENERAL FUND PROPOSALS

dollars in millions

	2016-17	2018-19
Parks and Trails Operations & Maintenance	7.2	7.2
Investments in Forest Management	4	4
Operating Adjustment	2.3	3.1
Enforcement Retirement & Aviation	1.1	
Citizen Engagement in Natural Resources	1	1
Legal Costs	1	
<b>TOTAL</b>	<b>16.6</b>	<b>15.3</b>

Game and Fish Fund proposal focus on improving fisheries and wildlife habitats, increasing angler/hunter recruitment and retention, protecting rare water-based resources, and providing an operating increase to the agency. Many of these proposals help ensure that Minnesota captures its full federal apportionment of Pittman-Robertson dollars, which have increased significantly in the recent past.

### GAME AND FISH FUND PROPOSALS

## MAJOR PROPOSALS

### PARKS AND TRAILS

- Increasing funding to the parks system by \$9.5 million including \$7.2 million in general funds and \$2.3 million in increased fees. The proposal includes increasing annual and daily permits by \$5 and \$1 respectively. These funding and permit increases are critical to maintaining the current level of services.

### FORESTRY

- Investing in forest management (\$4m general fund) through increased inventory, stand treatments, infrastructure investments, protection from damaging pests and improved forestry tracking systems.

### FISH AND WILDLIFE

- Enhance fisheries management, accelerated angler and hunter recruitment/retention, improved recreation through better-maintained facilities and service, increased wildlife population and habitat monitoring. Provides \$11 million, which generates \$6 million in new federal Pittman-Robertson dollars.

### ENFORCEMENT

- Provides \$2.5 million to refill 11 conservation officer (CO) vacancies, which begins to right-size our enforcement efforts to maintain natural resource protection statewide.

- Invest \$2.5 million to replace two aging aircraft while concurrently downsizing the air fleet.

### ECOLOGICAL AND WATER RESOURCES

- Increased protection for rare resources (\$1m) to provide continued work on the Minnesota Biological Survey and restoration of endangered mussels.

### OPERATIONS SUPPORT

- Improve operational capacities of our web-based programs to ease access to information, products, and services. Provides for a modernized web platform and new digital content that will complement an enhanced social media presence (\$1m).

### AGENCYWIDE

- Provides \$8 million to help offset anticipated increased compensation costs to ensure we maintain our current level of service. It equates to a 1.8% increase to FY2015 costs in certain direct appropriated funds.
