

SPROCKETS SUMMER VIDEO PROJECT

You already know how awesome your program is.
Get help telling the rest of Saint Paul why your youth
program rocks.

Sprockets is thrilled to partner once again with SPNN Youth, Kohler Productions, and Janine Hanson Communications to offer Saint Paul's youth program providers a chance to create a fun video showcasing their offerings and highlighting out-of-school time learning in Saint Paul.

This summer, you could be one of five organizations to work closely with seasoned and up-and-coming professionals to refine your program's messaging and take away a final product that is uniquely yours. Not only will your video be an engaging addition to your Sprockets Program Finder page, but it will also be yours to use wherever you'd like for promoting and celebrating your program!

Ready to strut your stuff?
