

Preventing snow blower theft

“Tis the season” . . . Each winter, snow blower theft becomes a big problem for property crime investigators. Usually, the more it snows, the more snow blowers are stolen. This year, encourage all of your neighbors who own snow blowers to:

- Record the make, model, and serial number.
- Paint some part of the snow blower a distinguishing color to make identification faster and easier.
- Use a padlock in the garage door track as an additional lock to keep burglars from opening the door if they get inside.
- Secure the service door with a medium or heavy-duty deadbolt lock and maximum-security strike plate.
- Block in the snow blower with a vehicle.
