1 Document Overview

1.1 Purpose

The purpose of this document is to provide release notes that describe the new features and enhancements for webDEALER 2.3.0.

1.2 Scope

The scope of this document includes updates to webDEALER 2.3.0. For more information refer to the *webDEALER Dealer User Guide*.

1.3 Audience

The intended audience for this document are dealer users.

2 Release Notes

Following are the enhancements to webDEALER that are implemented in webDEALER 2.3.0:

2.1 Registration Period

24 months of registration is required for new vehicles sold on a Manufacturer's Certificate of Origin by a Texas dealer for eligible registration classes when a two year inspection has been issued.

2.2 Travel Trailer Maximum Width and Length Increased

webDEALER allows for a travel trailer with a maximum width of 8 feet 6 inches and a maximum length of 45 feet.

2.3 Increased Maximum Allowance of Unapproved Transactions

The maximum number of unapproved title applications for a motor vehicle dealer can be set to 5000. webDEALER defaults to a minimum of 50.

Note: The number of "unapproved title applications" is comprised of both the number of in-process title applications and submitted title applications awaiting approval.

2.4 Upload Supporting Documentation

The selection of **Additional Supporting Document** is now available under the **Document Type** dialog box when motor vehicle dealers upload documentation. Dealers can upload an additional supporting document type under this new selection when uploading an individual document.
