## 2 Release Notes

Following are the enhancements to webDEALER that are implemented in webDEALER 2.3.0:

### 2.1 Registration Period

24 months of registration is required for new vehicles sold on a Manufacturer's Certificate of Origin by a Texas dealer for eligible registration classes when a two year inspection has been issued. This also applies to vehicles purchased on a Manufacturer's Certificate of Origin by a commercial fleet buyer.

### 2.2 Review of View Documents

While reviewing a transaction by opening the **Title Preview** page, county users can review the previous title information under the **Title Application Data** column on the left.

### 2.3 Travel Trailer Maximum Width and Length Increased

webDEALER allows for a travel trailer with a maximum width of 8 feet 6 inches and a maximum length of 45 feet.

### 2.4 Increased Maximum Allowance of Unapproved Transactions

The maximum number of unapproved title applications for a motor vehicle dealer or a commercial fleet buyer can be set to 5000. webDEALER defaults to a minimum of 50.

**Note:** The number of "unapproved title applications" is comprised of both the number of in-process title applications and submitted title applications awaiting approval.
