CONFERENCE OVERVIEW

Skill preparation and planning for health care transition for children and youth with special health care needs (CYSHCN) is inadequate. Less than 50% of families nationwide indicate that their CYSHCH have received the services necessary to make appropriate transitions to adult health care, work, and independence. One of the major problems to receiving this care is the lack of a physician workforce trained in providing the services necessary to make the health care transition. There is a strong need on the part of physicians to have the knowledge and skills to provide services to facilitate successful transition from pediatric to adult-based care and services.

Due to increased awareness in transitioning to adult-based care, clinicians are required to be updated on changing strategies for integrating emerging adult-based care into practice.

For all conference participants, there will be a discussion of the legal issues involved in health care transition, as well as, time to meet and talk with faculty, to exchange ideas among participants, and share knowledge and information about how best to plan for a successful transition to adulthood.

TARGET AUDIENCE

Physicians in internal medicine, family practice, pediatric psychiatry, and physiatry; other health care providers including, psychologists, social workers, nurses, dietitians, case managers, counselors, and primary care providers; youth and young adults with chronic illness and their parents/guardians.

OBJECTIVES

At the conclusion of the conference, participants should be able to:

- Identify the current state of health care transition in the U.S., including legal and financial issues.
- Develop transition quality improvement strategies and measurements that incorporate the Six Core Elements of Health Care Transition.
- Develop a practice-based framework for implementing health care transition services.
- Identify barriers and successful strategies when placing youth and young adults with special health care needs, behavioral health, and intellectual disabilities into employment, housing, and available medical transition services.
- Identify how to build capacity in caring for young adults with special health care needs.

EDUCATIONAL METHODS

Lecture ■ Meet the Faculty Sessions ■ Breakout Sessions
■ Question and Answer Sessions

EVALUATION

Evaluation by questionnaire will address program content, presentation and possible bias.

DISCLOSURE POLICY

In order to meet the requirements of the Accreditation Council for Continuing Medical Education it is the policy of Baylor College of Medicine that all individuals who are in a position to control the content of a CME activity (activity director, planning committee members, and faculty) disclose relevant financial relationships with commercial interests.

All identified conflicts of interest are managed to help ensure that the educational material is scientifically based, accurate, and objectively presented. Specific disclosure will be made to the participants prior to the educational activity.

ACCREDITATION/CREDIT DESIGNATION

Physicians

Baylor College of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Baylor College of Medicine designates this live activity for a maximum of 14.25 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The presentation, *Legal Issues in Transition*, has been designated by Baylor College of Medicine for .75 credit of education in medical ethics and/or professional responsibility.

Nursing

Texas Children's Hospital is an approved provider of continuing nursing education by the Texas Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

Social Work

Texas Children's Hospital is an approved continuing education provider for Social Workers through the Texas State Board of Social Worker Examiners. Social work continuing education units provided, 14 hours of continuing education including one hour of ethics.

Occupational Therapy and Physical Therapy

Contact hours (CCUs) have been applied for through TPTA and TOTA. Texas Children's Hospital is an Approved Provider for the Texas Occupational Therapy Association. The assignment of TOTA CE hours does not imply endorsement of specific course, content, products, or clinical procedures by TOTA.

FEE, REGISTRATION AND CONFIRMATION INFORMATION

Refer to the registration form for the fee schedule. Your registration will be confirmed, but not processed until payment is received. If you have not received confirmation at least five business days before the activity start date, contact the Office of Continuing Medical Education (OCME) immediately.

A limited number of scholarships are available for CYSHCN and their parents/guardians. Please contact Mary Jo Miller at MaryJo.Miller@txp2p.org or Laura J. Warren at laura@TxP2P.org for complete details.

If you plan to register on-site, contact the OCME at least 24 hours in advance to confirm activity status and space availability.

The OCME reserves the right to limit the number of participants in an activity and will not be responsible for any expenses incurred by an individual whose registration is not confirmed and for whom space is not available.

To register/pay for the conference **only**, visit the website at BaylorCME.org/CME/1505 and follow the instructions.

CANCELLATION/REFUND POLICY

Requests for registration refunds must be in writing and received by the OCME at least 10 business days before the activity begins. The date the request is received by the OCME will be considered the cancellation date. Requests received after the refund deadline will not be processed. Cancellations are subject to a \$50 administrative fee deducted from the registration fee paid to cover guarantees and other expenses. Requests should be mailed to the OCME or faxed to 713.798.7955.

The OCME reserves the right to cancel activities, not less than 10 business days before the scheduled date, if extenuating circumstances make it necessary. Registrants will be notified at the contact number indicated on the registration form, followed by written notification. If an activity is cancelled, OCME's liability is limited to the registration fee paid. Note: If payment is made by check, a social security number is required to process the refund.

7th Annual Health Care Transition Research Consortium Research Symposium

WEDNESDAY, SEPTEMBER 30, 2015 ■ 7:30 AM - 6:00 PM

MD Anderson Cancer Center | Mitchell Basic Sciences Research Building
6767 Bertner Avenue, Onstead Auditorium, 3rd Floor • Houston, TX 77030

This September 30th event is not designated for CME or CE credit.

OVERVIEW

The *7th Annual Health Care Transition Research Consortium Research Symposium* features research presentations in the emerging field of health care transition (HCT). A variety of research topics of interest to researchers, clinicians, policy makers, parents, youth and emerging adults are presented. Topics include testing of HCT models of care and programs, HCT needs and experiences of adolescents, emerging adults and families, as well as provider topics pertaining to pre- and post-transition services and training. Poster sessions on HCT research will enable direct dialogue with researchers and plenary sessions will address interdisciplinary perspectives pertaining to HCT education and curriculum development and the creation, maintenance, and evaluation of HCT programs.

REGISTRATION

Registration is required for all participants. The fee is \$50 for all participants.
