

Making the most of tablets for your business – free event

A hands-on exploration of all the possibilities and functions of tablet devices.

Find out how you can use them to their full potential and which device suits your business best.

The topics covered in this workshop will include:

- Introduction to the main tablets for business use
- How tablets are changing the ways we do business
- The big 3 operating systems and their integration with business
- Best buys for business
- Ways to use tablets for your business
- Top business peripherals and apps and their uses
- We'll bring along different tablets for you to try out

This workshop is aimed at small and medium sized businesses; business owners, decision makers, IT managers and marketing professionals.
