

# Stockport is open for business

Stockport Council is working with our partners to make Stockport an even better place to live, work and visit. Work has now begun and during this time all shops and businesses are open as usual.

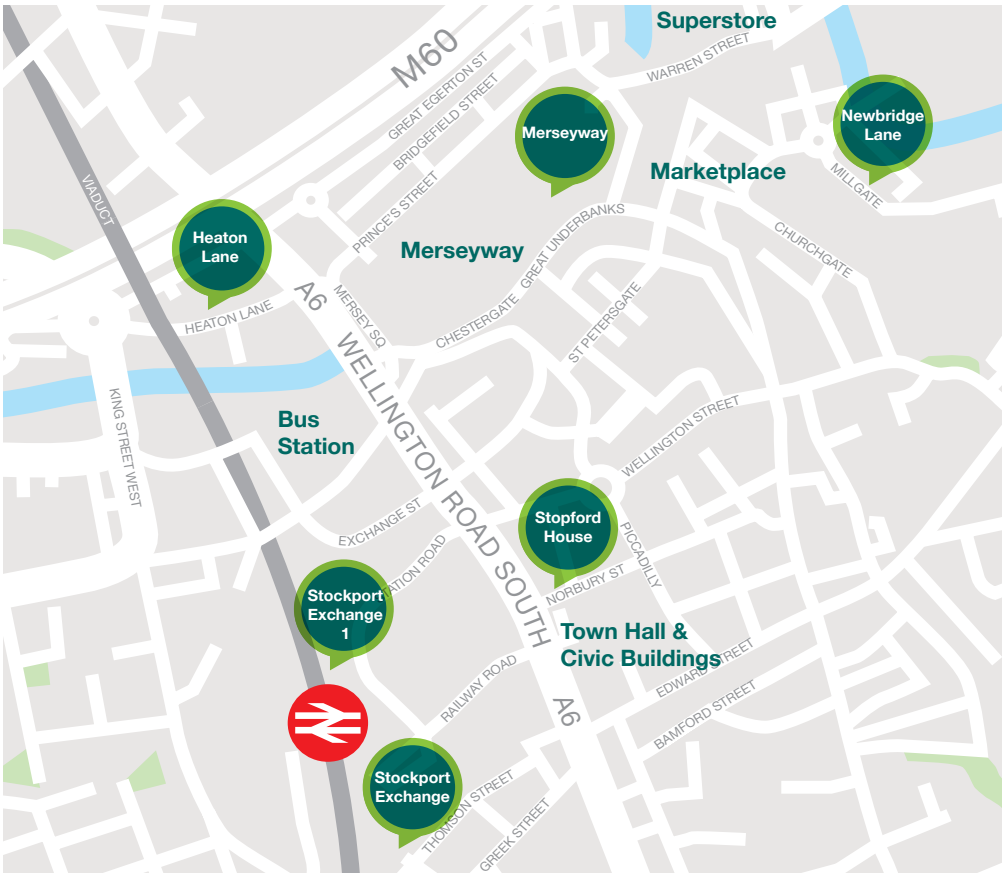

Whilst this work is taking place you may need to allow a little more time for your journey into and around the town centre or to park in a different place. We're sorry for any inconvenience this may cause.

This leaflet has information about the main car parks in the town and details of how to access them.

STOCKPORT  
METROPOLITAN BOROUGH COUNCIL

INVESTING  
IN STOCKPORT
