

COUNTY COMMITTEE ELECTION RESULTS

Congratulations to Anita Shackelford (LAA1) and Bill Perry (LAA5) who were elected to represent farmers and ranchers from Real and Maverick Counties on the county committee.

Anita was elected to her 2nd consecutive term. Diane Hirst will serve as alternate.

Bill is returning to serve the COC after his term expired in 2008. Mario Trevino will serve as 1st alternate and Walter Herring will serve as 2nd alternate.

We want to thank Walter Herring for his service this past term. He was a great asset to the Maverick county producers.

FSA appreciates all of the voters for taking the time to complete the election ballot. The county committee system works only because of your participation.

The committee members will hold their organizational meeting in January to determine who will serve as the county committee chairman and vice-chairman.

2012 DCP/ACRE SIGN-UP

2012 Direct and Counter-Cyclical Program (DCP) enrollment will begin Jan. 23, 2012 and will end June 1, 2012. Here are some IMPORTANT REMINDERS:

- All producers with an interest in **DCP base** acres must be included on the DCP/ACRE contract and receive a proportionate share of DCP/ACRE payment for the farm.
- All producers receiving a share greater than zero on the DCP/ACRE contract must sign the contract no later than June 1, 2012.
- Changes on the farm after enrolling June 1st in DCP/ACRE must be reported to your local FSA office such as:
 - Ownership changes
 - Producer changes (Individuals and Entities)
 - Change in crop shares arrangements

Note: Changes cannot be made after Sept. 30, 2012.

HISPANIC AND WOMEN FARMERS

A process to resolve the claims of Hispanic and women farmers and ranchers who believe they were discriminated against when seeking USDA farm loans has been established.

If you believe that the United States Department of Agriculture (USDA) improperly denied farm loan benefits to you between 1981 and 2000 because you are Hispanic, or because you are female, you may be eligible to apply for compensation.

For additional information on this and other settlement issues contact:

- **Hispanic and Women Farmer Claims Process:**
www.farmerclaims.gov or call 1-888-508-4429
- **Pigford – The Black Farmers Discrimination Litigation:**
www.blackfarmerscase.com or call 1-866-950-5547
- **Keepseagle - The Native American Farmers Class Action Settlement:**
www.IndianFarmClass.com or call 1-888-233-5506

SUPPLEMENTAL REVENUE ASSISTANCE PROGRAM (SURE)

The sign-up for 2010 losses started on **Nov. 14, 2011** and runs through **June 1, 2012**.

The Supplemental Revenue Assistance Program (SURE) provides benefits for farm revenue losses due to natural disasters that incurred in the crop year 2010. SURE is available to eligible producers on:

- Farms in counties with Secretarial disaster declarations, including contiguous counties, that have incurred crop production or quality losses, or both, and includes all crops grown by a producer nationwide, except grazed crops.
- Any farm in which, for the crop year, the actual production on the farm because of disaster-related conditions is 50 percent or less than normal production of the farm.

NONINSURED CROP DISASTER ASSISTANCE PROGRAM (NAP)

The noninsured crop disaster assistance program (NAP) is a federally funded program that helps producers reduce their risk when growing food and fiber crops, specialty crops and crops for livestock feed. These benefits are only available for crops for which the catastrophic level of crop insurance is not available. Application for coverage must be filed by the applicable crop's application closing date.

Production records for all crops must be reported to FSA no later than the acreage reporting date for the crop for the following year. FSA requires that any production reported in a loss year be verifiable according to Agency specifications. ***NAP Losses must be reported within 15 days of loss.*** ***REMEMBER: Native and improved grass losses need to be reported as soon as you have to change your normal operations, such as additional feed requirements and/or stock reductions.***

FSA ADOPTING GOVDELIVERY

The USDA Farm Service Agency offices are moving toward a paperless operation.

Producers are asked to enroll in the new GovDelivery system which will provide notices, newsletters and electronic reminders instead of a hard copy through the mail.

FSA, like many other organizations, is trying to work smarter and be more efficient. Moving to electronic notifications via email will help conserve resources and save taxpayer dollars. County Committee ballots will continue to be mailed to all eligible producers.

Producers can now subscribe to receive free e-mail updates by going to <http://www.fsa.usda.gov/subscribe>.

LDPS FOR UNSHORN LAMB PELTS

Eligible producers have until Jan. 31, 2012, to apply for Loan Deficiency Payments (LDP) for unshorn pelts produced during the 2011 crop year.

Eligible producers must have beneficial interest in the pelts, owned the lamb for at least 30 calendar days before the date of slaughter and sell the unshorn lamb for immediate slaughter. Producers must also comply with wetland conservation and highly erodible land conservation provisions on all lands they operate or in which they have an interest.

To qualify for payment, pelts must have been produced by an eligible producer from live unshorn lambs of domestic origin in the United States.

FOREIGN BUYERS NOTIFICATION

The Agricultural Foreign Investment Disclosure Act (AFIDA) requires all foreign owners of U.S. agricultural land to report their holdings to the Secretary of Agriculture. The Farm Service Agency administers this program for USDA.

All individuals who are not U.S. citizens, and have purchased or sold agricultural land in the county are required to report the transaction to FSA within 90 days of the closing. Failure to submit the AFIDA form (FSA-153) could result in civil penalties of up to 25 percent of the fair market value of the property. County government offices, Realtors, attorneys and others involved in real estate transactions are reminded to notify foreign investors of these reporting requirements.

FARMING OPERATION CHANGES

If you have bought or sold land, or if you have added or dropped rented land from your operation, make sure you report the changes to the office as soon as possible. You need to provide a copy of your deed or recorded land contract for purchased property.

Failure to maintain accurate records with FSA on all land you have an interest in can lead to possible program ineligibility and penalties. Making the record changes now will save you time in the spring. Update signature authorization when changes in the operation occur. Producers are reminded to contact the office of a change in operations on a farm so that records can be kept current and accurate.

HIGHLY ERODIBLE LAND AND WETLAND CONSERVATION COMPLIANCE

Landowners and operators are reminded that in order to receive payments from USDA, compliance with Highly Erodible Land (HEL) and Wetland Conservation (WC) provisions are required. Farmers with HEL determined soils are reminded of tillage, crop residue, and rotation requirements as specified per their conservation plan. Producers are to notify the USDA Farm Service Agency prior to conducting land clearing or drainage projects to insure compliance. Failure to obtain advance approval for any of these situations can result in the loss of eligibility and all Federal payments.

CONTROLLED SUBSTANCE

Any person who is convicted under federal or state law of a controlled substance violation could be ineligible for USDA payments or benefits. Violations include planting, harvesting or growing a prohibited plant. Prohibited plants include marijuana, opium, poppies and other drug producing plants.

SPECIAL ACCOMMODATIONS

Special accommodations will be made upon request for individuals with disabilities, vision impairment or hearing impairment. If accommodations are required, individuals should contact the county FSA office staff directly or by phone.

POWER OF ATTORNEY

For those who find it difficult to visit the county office personally because of work schedules, distance, health, etc., FSA has a power of attorney form available that enables you to designate another person to conduct your business at the office. If you are interested, please contact our office or any Farm Service Agency office near you for more information.

BANK ACCOUNT CHANGES

Current policy mandates that FSA payments be electronically transferred into your bank account. In order for timely payments to be made, producers need to notify the FSA county office if your account has been changed or if another financial institution purchases your bank. Payments can be delayed if the FSA office is not aware of updates to your account and routing numbers.

APPEAL PROCESS

After an FSA official makes a decision on your request for USDA services or application, you will be sent a letter informing you of the decision and options you can pursue if you disagree.

Generally, program participants have three choices — an informal review with the original agency decision-maker, an opportunity for mediation and finally an appeal to the next level of authority within the agency.

CUSTOMER STATEMENT

January signals the beginning of a new year, and a time to starting thinking about filing taxes. Producers who have signed up for a USDA eAuthentication Level 2 account will be able to access their farm data via their Customer Statement.

The Customer Statement puts a range of USDA services and programs into a single report that's at your fingertips and available online, 24 hours a day, seven days a week.

It allows USDA customers to view their participation, application and payment status in various commodity and conservation programs; information on farm loans; and conservation plan and land unit information.

IRS FORM 1099-G

Producers annually receive CCC-1099-Gs detailing payments producers have received from the Commodity Credit Corporation. The annual report of program payments on CCC-1099-Gs is a service intended to help our customers report taxable income. It is not intended to replace the producers' responsibilities to report income to IRS.

FSA staff cannot interpret IRS regulations or advise producers about which payments to report on their income tax returns. However, county office staff can review payments for accuracy.

IMPORTANT DATES

JAN 23 – JUNE 1, 2012	DCP Signup
JAN 30, 2012	LFP Applications Close – for 2011
MARCH 15	NAP Final Sales Date all Spring & Summer seeded crops
MAY 1	Small Grains – Acreage report
JUNE 15	All Planted Spring Seeded crops & CRP acreage report NAP crops production records due
SEPT 1	2013 NAP – Small Grain Grazed, All Cool Season Crops and Fall Vegetables
DEC 1	2013 NAP Sales Closing Date – Native & Improved Grasses
DEC 15	Native & Improved grasses reporting date

As always, should you have any question please contact me at:
