

- The parking enforcement team has seen significant developments made across the service.
- For the processing team, November has seen the successful transfer of data from Exeter City Council and the team preparing to carry this out for all our district partners. Additionally, bailiffs have now been appointed and cases have started being progressed to debt recovery.
- For the operations team, a recruitment process has now been undertaken to bring Civil Enforcement Officer levels up to full complement, we can welcome 13 new FTE's to the service who are all now out on the beat working hard to keep the network moving. Also new Standard Operating Procedures documents have been completed and cascaded to staff and the team is preparing to roll out 121s to support and develop staff in December.
- The Traffic Orders and Policy Team are working to ensure that the annual programme of traffic orders are delivered by the end of the financial year. Can we remind everyone that a current list of all TRO's and a summary of what stage they are at can be found on the following link

<\\data.devon.gov.uk\docs\Exeter, County Hall\EECDData\HighMgmt\Traffic Management Team\Traffic Orders & Policy\TRAFFIC ORDERS\NT TRO List.xlsx>

This spreadsheet can be manipulated by using the various drop down menus next to each of the column headings.

The new TSRGD is being consulted upon and is due to be released in March 2015. There are going to be some big changes to the document and these will be cascaded in more detail once it is live.
