

This year's P3 Workshops achieved record turnouts with representation from 84 parishes and over 130 delegates from across the county. The four area events were fully supported by members of the Rights of Way team, our colleagues in Highways, members of the Rights of Way Committee and County Councillors.

The objectives of the day were to give P3 volunteers the opportunity to discuss matters pertinent to their parish paths as well as conveying news regarding Devon County Council's budget predictions, Highways 'Tough Choices' consultation document and how communities can get involved with local matters affecting the road network in their area.

We were delighted to welcome guest speakers from the East Devon AONB, Devon Wildlife Trust, National Trust and the Dartmoor National Park all of whom gave interesting talks and encouraged volunteers to assist them with their work. The definitive map process was explained and Peter Brunt introduced the Parish Road Warden Scheme.

All four workshops were extremely well received with many delegates saying how they enjoyed the opportunity to 'walk and talk' with fellow volunteers and Devon County Council representatives. Thank you to everyone who gave their support to help make the workshops such enjoyable and successful events.
