

Alaska Mental Health Trust Authority's

TECH SUMMIT 2020

Tuesday, August 18

1– 2:30 PM

FREE Virtual Meeting via Zoom

Discuss the “state of the state” of technology use in Alaska. Topics include how technology is being used during COVID, successes and challenges, and how other states have embedded technology into their service delivery systems.

Who should attend?

Trust beneficiary service providers and care coordinators, funders, policy makers, and advocates

Why attend?

To provide input on planning, future policy, and program development

Register in advance for this webinar:
