

COVID-19 Vaccination Survey

The State of Alaska wants to make sure that everyone living in Alaska can access the COVID-19 vaccine.

Help us understand how to make the COVID-19 vaccine easily available to people with disabilities.

We want to hear from:

- Adults with disabilities
- Family members/caregivers of individuals with disabilities
- Disability service providers

The online survey will take 10-15 minutes to complete. The survey is completely voluntary and responses are anonymous. Please complete this survey by September 6, 2021.
