3.05 Duration

This RFP is for a three-year period, beginning 7/1/2024 through 6/30/2027. At the discretion of the Department, a project funded under this RFP may be considered for continued funding in subsequent program year(s). The annual decision to continue funding for the subsequent year(s) of the three-year grant cycle is based on the following general conditions:

1. the Department's judgment that there is a continued need for the grant project service;
2. the grantee's satisfactory performance during the previous grant year;
3. the availability of sufficient grant program funds, and whether continuation of the financing is consistent with public health and welfare; and
4. the ability of the grantee and the Department to agree on any adjustments in payments or service.

Applicants will submit a budget proposal for year one of the grant only. Funding in each subsequent year will require submission and approval of documents needed to update service plans, evaluation measures, and budgets. Grants and Contracts will notify grantees of specific submission requirements necessary to qualify for consideration of continued funding.

3.06 Proposal Review

Following the deadline for receipt of proposals, no revisions will be accepted unless provided in response to a request from the contact person named in this RFP. Proposals will be reviewed as follows:

1. Proposals will be evaluated in a manner that will avoid disclosure of contents before notices of grant award have been issued.
2. Department of Health staff will evaluate each proposal for minimum responsiveness and other technical requirements and eliminate nonresponsive proposals from consideration.
3. Using the criteria set out in this RFP and 7 AAC 78.100 (Criteria for Review of Proposals), Department staff will evaluate each responsive proposal. **Scores for each criterion will be based solely on the response to the associated question. Points will not be earned if the information was provided in response to another question in Section 4.** Department staff will also review relevant departmental documentation regarding the applicant. Staff recommendations regarding awards and levels of funding will include consideration of the following:
 - i. a history of the applicant's compliance with grant requirements, to include records of program performance, on-site program reviews, and prior year audits;
 - ii. priorities in applicable State health and social services plans;
 - iii. requirements of applicable State and federal statutes; and
 - iv. municipal ordinances or regulations applicable to the grant program.

If there are multiple responsive proposals for which there is insufficient money to fully fund, or supplementary expertise is deemed necessary to the review of proposed services, the Department may appoint a Proposal Evaluation Committee (PEC) as an additional advisory body. PEC members will initially evaluate proposals, independently of other committee members. As a committee the PEC will meet in a **closed session** (7 AAC 78.090 Review of Proposals) to further review proposals and develop recommendations. Scores will be assigned based on the applicant's response to each individual question and the associated criteria. **Applicants will not earn points for a given question based on a response to another question in the RFP.** The PEC review will include discussion of each proposal's merits. PEC recommendations will rank proposals in priority order and include approval or disapproval for award, modifications to the proposed project, and special compliance conditions.

All staff advisory recommendations and, if applicable, those of the PEC, and all review materials will be submitted for consideration by the Division Director, who will make recommendations to the Commissioner of the Department of Health or the Commissioner's designee.

3.07 Final Decision Authority

Recommendations are advisory only, including those from any PEC that may be held. The final decision to approve or disapprove award, the amount of each award, and whether to impose special conditions or modifications rests with the Commissioner or Commissioner's designee.

NOTE: The final decision may include additional considerations, such as a lack or duplication of services in certain locations, or alternative services that may be available; a critical need for services by vulnerable populations; and matters of health, life and safety. The Department has the responsibility to ensure public monies are utilized in a manner that protects the interests of the people of the State and retains the right to make final awards that ensure responsible distribution of grant funds.

3.08 Notification of Grant Award and Appeals

Within fifteen (15) days after the decision regarding grant awards, applicants will be notified of the final funding decisions, and, if awarded, any conditions of award or modifications. Following any necessary negotiations for revisions to the proposed budget and scope of services, successful applicants will be issued a grant agreement. This

formal agreement will contain specific performance and reporting requirements consistent with Department policy and procedure and 7 AAC 78.

Per 7 AAC 78.305 (Request for Appeal), an applicant may appeal a final grant award decision. Requests for hearing must be addressed to the Commissioner and received in writing at the address below within 15 days after the applicant receives notification of the decision. The request must contain the reasons for the appeal and must cite the law, regulation, or terms of the grant upon which the appeal is based.

With a copy to the contact identified on the solicitation cover page, send appeal to:

Heidi Hedberg, Commissioner
 Department of Health
 3601 C Street, Suite 902

3.09 Cancellation of the RFP/Termination of Award

Contingent upon funding appropriations and the Governor's approval, the Department may fund proposals from eligible applicants. The Department may withdraw this RFP at any time and reserves the right to refrain from making an award when such action is deemed to be in the best interest of the State. Funds awarded for a grant as a result of this RFP may be withheld and the grant terminated by written notice from the State to the grantee at any time for violation by the grantee of any terms or conditions of the grant award, or when such action is deemed to be in the best interest of the State.
