Tips for Candidates + Hiring Managers

February 2024

Our First Hiring Event of the Year Was a Major Success!

Correctional Health Services (CHS) has partnered with the Recruitment Team to host monthly in-person hiring events to fill a variety of healthcare roles. To date, over a dozen in-person hiring events have been held at CHS, resulting in a significant decrease in open positions. Their first hiring event of the year proved to be no exception, with a total 11 offers accepted by Registered Nurses, Licensed Practical Nurses, Emergency Medical Technicians, and Inpatient Mental Health Monitor Sitters.

These monthly hiring events have been vital in hiring quality candidates to fill multiple vacancies. The collaborative efforts between the Correctional Health Services Team and the Recruitment Team have led to thoughtful planning and coordination, ensuring the success of these events.

Do you know a healthcare hero in search of a rewarding career with impressive benefits? Let them know the next Correctional Health Services hiring event will be held February 15, from 2PM - 6PM at the Maricopa County Sheriff's Training Center located at 2627 S. 35th Ave, Phoenix, AZ.

Check out what Tina Watts, the Director of Nursing at CHS has to say:

"I enjoy having our monthly hiring event because it provides the opportunity to collaborate with multiple departments to highlight career opportunities for the greater good of Maricopa County CHS. Additionally, seeing the eager faces coming in to learn about CHS job opportunities and leaving with excitement about the prospect of joining the team."

Tina Watts, Director of Nursing

Questions regarding hosting your own hiring event? We are happy to help! Contact our recruitment team at MHRFeedback@maricopa.gov.
