

HELP IMPROVE WOMEN'S HEALTH!

HALO

HEALTH STUDY

Women ages 18 and older and currently on probation, we want to hear about your experiences with healthcare!

What happens next?

- You will meet with study staff monthly and complete an interview three times over the next year.
- Each meeting will be private and confidential.
- You will be paid for each meeting and receive up to \$250 over the course of the study.

Who's leading the study?

This study is conducted by researchers from RTI International. Your personal information will not be shared with the Alameda County Probation Department.

**Receive up to
\$250 over
12 months!**
