

five keys

free high school for 16+ years of age

NOW AVAILABLE ONLINE

Why Five Keys?

It's FREE. Students pay nothing.

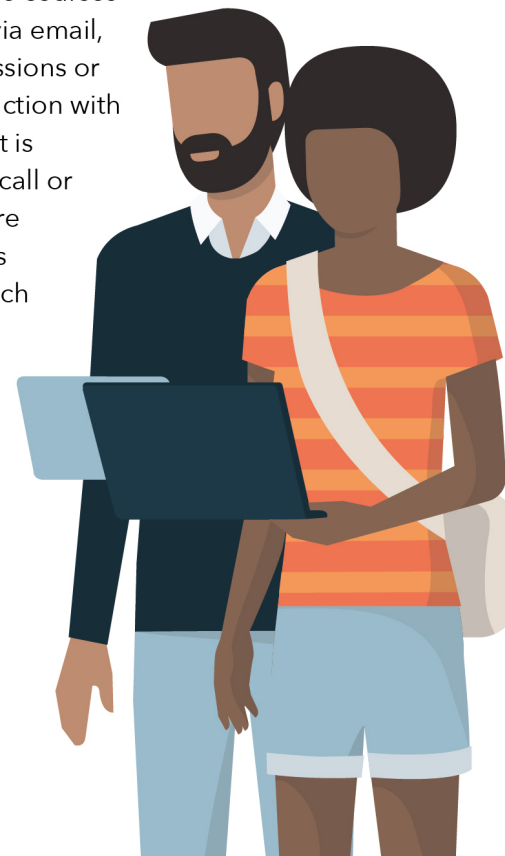

Easy to Start. We do most of the administrative work to transfer you to Five Keys.

We've been there. You are not alone. Like many of our students, many of our Five Keys teachers and staff have been there – disappointed in and frustrated by the traditional high school environment and challenged by life's circumstances that made graduation and the system out of reach.

Now is the Time to Get Ready. COVID-19 is causing record-breaking unemployment rates. You need to get qualified for more jobs. You need a high school diploma to enroll in the military, police and fire academies, certified nursing assistant programs and junior colleges.

Support Available When And How You Need It.

We are all about helping you get the work done, but we're flexible about how you do it. We have courses available online, via email, in small group sessions or one-on-one instruction with a teacher. Support is available via text, call or video. We are here when you need us to be. We will reach out to you and walk alongside you throughout the entire journey to get your diploma.

We are Where You Need Us. We have classrooms in nine counties: Los Angeles, San Bernardino, San Francisco, San Mateo, Santa Clara, Solano, Marin, Sonoma and Alameda. We host classes in community centers, churches, and workforce development centers. We can open a classroom in your neighborhood. Our coursework is also available online and we offer virtual teacher support.

We Do Cool Things. We host field trips, graduation ceremonies with free caps and gowns, proms, elaborate art and performance art shows and other exciting events.

Our Teachers Are The Best. Our staff is trained on trauma, trauma responses and trauma informed care. This makes us uniquely ready to support all students through the hard times. Our teachers customize what they teach, how they teach and when they teach to ensure our students remain interested and successful.

Five Keys Is Here To Help
