FOR IMMEDIATE RELEASE

State Route 29 and State Route 221 Soscol Junction Interchange Project set to begin on the week of Monday, July 18, 2022

(Motorists are encouraged to reduce speeds while traveling through construction area)

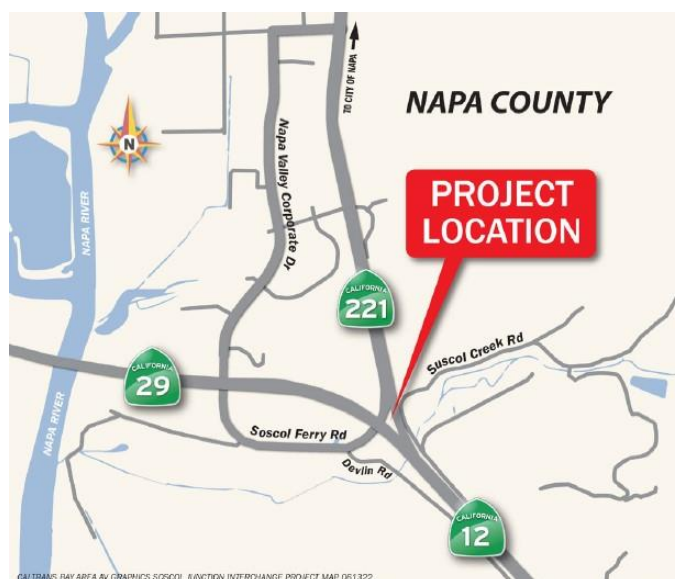

NAPA COUNTY- Caltrans will start construction on the Soscol Junction Interchange Project in southern Napa County starting on the week of Monday, July 18, 2022.

Motorists should expect overnight lane closures as crews will be installing crash cushions and moveable concrete barriers also known as k-rails along State Route 29 highway median and southbound shoulder.

The overnight work hours will be starting at 10:00 P.M. -6:00 A.M.

The three-year project will replace the signalized intersection of State Route 12/29, State Route 221 and Soscol Ferry Road with an interchange composed of an overpass and two roundabouts, a configuration that will add fluidity to traffic flow, reduce congestion and enhance bicycle and pedestrian connectivity.

Caltrans crews will landscape the area with local plants, including oaks whose canopies will visually screen the interchange from distant onlookers.

BE WORK ZONE ALERT

TRAFFIC ADVISORY

Caltrans will build 1,200 feet of Class I bicycle and pedestrian paths as part of the project. Eventually the bicycle/pedestrian lanes will connect to the Vine Trail, a 47-mile multi-use path that will stretch from Calistoga to the ferry in Vallejo.

The \$54 million project includes nearly \$24 million in funding from Senate Bill (SB) 1, the Road Repair and Accountability Act of 2017.

In addition to the SB 1 funding, the project will be paid for with \$29.8 million in state and regional funds and \$3.7 million in local funds.
