**THE CULVER CITY CULTURAL AFFAIRS FOUNDATION
PRESENTS ITS 2ND architectureTALKS FUNDRAISER**

***A Conversation with Steven Ehrlich, founding partner, and
Whitney Wyatt, associate, at Ehrlich Architects***

2015 AIA Architecture Firm Award Recipient

Join renowned architect and founding partner of **Ehrlich Architects**, Steven Ehrlich, FAIA and his lead project manager on the Kirk Douglas Theatre project, Whitney Wyatt, AIA, for a tour through the transformation of the former Streamline Moderne Culver Theatre into the 300-seat Kirk Douglas Theatre. Ehrlich Architects has earned an international reputation for design excellence and was recently awarded the prestigious 2015 AIA Architecture Firm Award. Architectural writer, Thomas Aujero Small, will moderate this lively discussion.

architectureTALKS is a series of conversations presented by internationally renowned professionals based in Culver City. All proceeds from ticket sales will benefit technical enhancements (lighting, sound, and projection equipment) for the **Veterans Memorial Auditorium**, with the intent of increasing public performances and film screenings at that venue.

Louis Poulsen Lighting and **MATT Construction** have generously underwritten costs associated with the event. **MATT Construction** worked with Ehrlich on the Kirk Douglas Theatre project.

TICKETS:

\$40.00 each

Admission is tax deductible with
proceeds to benefit Veterans
Memorial Auditorium
