As part of the 9.1-mile Foothill Gold Line light rail project, crews are now rebuilding the Pomona North Metrolink parking area. The west side (which will only be accessible using Fulton Rd. during this work) will include approximately 64 parking spaces and 8 handicap spaces. The east side (which will only be accessible using Santa Fe St. during this work) will include approximately 51 parking spaces with NO handicap spaces. A temporary pedestrian walkway will be available through the closed parking area, but vehicles will not be allowed through.
