## TESTING Available by Appointment Only

TO SCHEDULE  
AN APPOINTMENT [CLICK HERE](#)

LA County residents should first call their healthcare provider for a COVID-19 test. If this is not an option, [click here](#) to schedule an appointment. If you need help finding a health care provider, call 2-1-1 or visit [211LA](#).

**Testing highly recommended for:**

- **People who have symptoms:** If you have symptoms of COVID-19, talk to a healthcare provider and get tested.
- **People who have been a close contact to someone with confirmed or suspected COVID-19 (a case) within the last 14 days.** Even if your test is negative, you will still need to complete your quarantine.
- **People with or without symptoms who are part of an outbreak response or contact investigation in high-risk settings,** such as nursing homes, congregate living facilities, correctional facilities, or persons experiencing homelessness.

## VACCINE & DISTRIBUTION

Los Angeles County is moving swiftly to expand COVID-19 vaccination availability to people 65 and older, under an Executive Order signed January 18, 2021 by Board of Supervisors Chair Hilda L. Solis. People 65 and older will be eligible to start scheduling vaccination appointments beginning Tuesday, January 19. They will be eligible to receive the vaccination beginning Wednesday, January 20, along with frontline healthcare workers and residents and staff at skilled nursing and long-term care facilities. The vaccine supply is still extremely limited, and LA County continues to urge patience as we work urgently with our federal and state partners to expand capacity and supply in the weeks ahead.
