TESTING Available by Appointment Only

TO SCHEDULE
AN APPOINTMENT [CLICK HERE](#)

LA County residents should first call their healthcare provider for a COVID-19 test. If this is not an option, [click here](#) to schedule an appointment. If you need help finding a health care provider, call 2-1-1 or visit [211LA](#).

Testing highly recommended for:

- **People who have symptoms:** If you have symptoms of COVID-19, talk to a healthcare provider and get tested.
- **People who have been a close contact to someone with confirmed or suspected COVID-19 (a case) within the last 14 days.** Even if your test is negative, you will still need to complete your quarantine.
- **People with or without symptoms who are part of an outbreak response or contact investigation in high-risk settings,** such as nursing homes, congregate living facilities, correctional facilities, or persons experiencing homelessness.

VACCINE & DISTRIBUTION

The LA County COVID-19 vaccination call center is experiencing a surge of thousands of callers seeking to schedule appointments, causing wait times as long as several hours. While we are increasing staffing at the call center, we strongly urge residents who have computer access to go to [VaccinateLACounty.com](#) to check appointment availability. The call center should be used only by residents with disabilities or who do not have computer access and need assistance to check for available appointments. Because of the short supply of vaccines, only a very limited number of appointments are currently available, for frontline health care workers and county residents aged 65 years and older.
