

Guide To Procedure Codes for Specialty Mental Health Services

Effective July 1, 2023

**Lisa Wong, PsyD., Director
Los Angeles County Department of Mental Health**

**Debbie Innes-Gomberg, Ph.D., Deputy Director
Quality, Outcomes, and Training Division
Compiled by: Quality Assurance Unit**

INTRODUCTION

This Guide, prepared by DMH, lists and defines the compliant codes that DMH believes reflects the services it provides throughout its system, whether by directly-operated, contracted organizational providers, or individual/group network providers. This analysis does not, however, absolve Providers, whether individuals or agencies from their responsibility to be familiar with nationally compliant codes and to inform and dialogue with DMH should they believe differences exist.

Brief History

Since the inception of the DMH's first computer system in 1982, DMH directly-operated and contract staff have reported services using Activity Codes. These Activity Codes were then translated into the types of mental health services for which DMH could be reimbursed through a variety of funding sources. On April 14, 2003, health care providers throughout the Country implemented the HIPAA Privacy rules. This brought many changes to DMH's way of managing Protected Health Information (PHI) but did not impact the reporting/claiming codes. On October 16, 2003, all health care providers throughout the USA are required to implement the HIPAA Transaction and Codes Sets rules or be able to demonstrate good faith efforts to that end. These rules require that providers of health care services anywhere in the USA must use nationally recognized Procedure Codes to claim services. On July 1, 2023, the State Department of Health Care Services (DHCS) implemented Payment Reform under Cal-AIM which fully aligns the State with other healthcare delivery systems and complies with CMS requirements for all State Medicaid programs to adopt CPT codes where appropriate. In addition, it will improve reporting and support data-decision making by disaggregating data on Specialty Mental Health Services (SMHS).

HIPAA Objectives and Compliant Coding Systems

One of the objectives of HIPAA is to enable providers of health care throughout the country to be able to be conversant with each other about the services they were providing through the use of a single coding system that would include any service provided. In passing HIPAA, Legislators were also convinced that a single national coding system would simplify the claims work of insurers of health. Two nationally recognized coding systems were approved for use: the Current Procedural Terminology (CPT) codes and the Level II Health Care Procedure Coding System (HCPCS). The CPT codes are five digit numeric codes, such as 90791 and the HCPCS are a letter followed by four numbers, such as H2012.

Definitions found in this Guide are from the following resources: CPT code definitions come from the CPT Codes Manual; HCPCS codes are almost exclusively simply code titles absent definition, so these definitions were established either exclusively or in combination from one of these sources – 1) Title 9 California Code of Regulations, Chapter 11, Specialty Mental Health Services, 2) State Department of Health Care Services (DHCS) Letters and Informational Notices, or 3) DHCS State Plan Amendments.

STRUCTURE OF GUIDE

Activity: Title of the procedure code which defines the activity the practitioner provided.

Base Code: The primary code used to describe the activity/service to which add-on codes may be added.

Method of Delivery: Identifies the allowable ways in which the practitioner may conduct the activity. Any required modifiers are listed in parenthesis

✓ In person ✓ Telephone ✓ Telehealth

Service Contact: Identifies the allowable person or persons for whom the practitioner may claim their time of contact. The Service Contact in most cases shall be the client but may also be other significant supports such as family members. For plan development, service contacts should have had direct client contact except for consultations in which case the consultant does not have to have direct client contact.

✓ Client ✓ Significant Support Person ✓ Mental Health/Health Professional (Consultant)

Allowable Discipline(s): Identifies the disciplines permitted to use the procedure code as well as the applicable taxonomies associated with that discipline. Refer to Discipline/Categories/Taxonomies Section for additional information about allowable disciplines.

Place of Service: Identifies the allowable place of service. Some codes, like Evaluation & Management codes, are determined by the place of service.

Minimum and Maximum Duration: Identifies the minimum and maximum duration allowable for the procedure code. While exact minutes are no longer required/claimed, the number of minutes determines either the selection of the code or the number of units for the claim so practitioners must make a reasonable determination of the duration of the direct care. **If the code does not have a specific time range, all codes must pass the midpoint of the duration to bill** (e.g., 1 unit of a 15 minute duration may be billed at 8 minutes, 2 units at 23 minutes, etc.).

Max Units: Identifies the maximum units allowed on the claim.

Extend Duration Code & Unit Breakdown: For procedure codes that have a duration/unit limit, identifies add-on codes that may be utilized to prolong the duration of the base code.

Allowable Add Ons: Additional codes that may be added to a base code to supplement the primary service.

- ① Sign Language/Interpretation (T1013)
- ② Interactive Complexity (90785)
- ③ Caregiver Assessment (96161)
- ④ Interpretation/Explanation of Results (90887:CG)

Practitioner Second Service Requiring Modifier (per Day): Identifies codes that require an override modifier if provided by a practitioner on the same day for the same client.

Practitioner Specific Lockouts (per Day): Identifies codes that cannot be used by a practitioner on the same day for the same client.

Other Items:

1. Except for those services funded entirely by CGF or Mental Health Services Act (MHSA), there are no codes that identify payer information, such as PATH. Payer information will be maintained by funding plan/funding source.
2. For clients with Medicare, all CPT codes must be submitted to Medicare first, except for 90885, 96110, 97376, 99605-7, 99366-8, 99887, 90867-9, 99242-5, 99252-5, and all HCPCS codes.
3. Separate claims must be submitted for each practitioner involved in a service.
4. A separate claim must be submitted for each client involved in a group. The units claimed should be the same for all clients in the group using the total duration of direct care for the group. The same code shall also be used on each claim. Providers no longer need to divide the units by the number of clients in the group.
5. For Evaluation & Management (E&M) codes that utilize the terms "new patient" and "established patient", a new client is a client that has not received E&M services from an MD/NP within the same Legal Entity (i.e., providers with the same clinical record) within the past three years. Conversely, an established client is a client that has received E&M services from an MD/NP within the same Legal Entity within the past three years.
6. Some services/codes require prior authorization or concurrent review. Codes that require pre-authorization are indicated in the header for the section. Also refer to the Organizational Provider's Manual for information on prior authorization/concurrent review.

ABBREVIATIONS

CGF – County General Funds

CPT – Current Procedural Terminology; codes established by the American Medical Association to uniquely identify services for reporting and claiming purposes.

DMH – Los Angeles County Department of Mental Health or Department; also known as the Local Mental Health Plan (LMHP)

ECM – Enhanced Care Management

ECT – Electroconvulsive Therapy

E&M - Evaluation and Management

FFPSA - Family First Prevention Services Act Aftercare services

HCPCS – Health Care Procedure Coding System

IMD – Institutions for Mental Disease

IBHIS – Integrated Behavioral Health Information System

LMHP – Local Mental Health Plan (in Los Angeles County, the Department of Mental Health)

MSS - Medication Support Service

PHI – Protected Health Information

QI - Qualified Individual services

SFC – Service Function Code

STP – Special Treatment Patch

STRTP - Short-Term Residential Therapeutic Program

TCM – Targeted Case Management

DIRECT CARE

The following direction does not apply to Community Outreach Services (COS). Please refer to the COS Manual.

Per the DHCS Billing Manual: "DHCS policy will only consider the time it takes to provide direct services associated with that code as part of time. Direct patient care does not include travel time, administrative activities, chart review, documentation, utilization review and quality assurance activities or other activities a provider engages in either before or after a patient visit. If the service code billed is a patient care code, direct patient care means time spent with the patient for the purpose of providing healthcare. If the service code billed is a medical consultation code then direct patient care includes time spent with the consultant/members of the beneficiary's care team."

Based on the above definition by DHCS direct care is not the same as "face-to-face" service. It is a group of activities defined by DHCS that emphasizes time spent directly providing care to the client as well as additional activities working directly with significant support persons. Please be aware that consultation cannot occur between two or more professionals when the expectation is that the consultor should know the information by professional training. Supervision time remains non-billable.

DHCS has transitioned away from billing by minute. Under Cal-AIM Payment Reform, billing is by the code, unit and practitioner discipline. The reimbursed rate for these activities now includes activities that were formally reimbursed by minute. Certain activities that were previously billable (e.g., documentation) are now accounted for in the overall reimbursement rate.

Direct Care (time goes into duration determination):

- ① Time with client
- ② Time with significant support persons if the purpose of their participation is to focus on the treatment of the client
- ③ Time with consultant
- ④ Time with client's care team

Non Direct Care (time does NOT go into duration determination):

- ① Travel time
- ② Chart review time
- ③ Documentation time
- ④ Administrative time (general team meetings, utilization review, quality assurance activities)

If there are multiple encounters for the same service for the same client by the same practitioner on the same day, only one note is required to be written and one claim shall be submitted incorporating the total duration of direct care for all encounters in that day.

DISCIPLINE/TAXONOMY

Rendering Providers/Practitioners may only provide services consistent with their education/licensure (scope of practice), length of experience and/or job description. All disciplines must minimally have a high school diploma or equivalent. The discipline controls what procedure codes the practitioner can utilize while the category (specific subsets of the discipline) is what is entered into the Network Adequacy: Provider & Practitioner Administration (NAPPA) application. DHCS/Medi-Cal has provided instruction on which taxonomies may and may not be used by disciplines.

Guide Abbreviation	NAPPA Category Description	License # Required	Discipline Description	Taxonomy Description	Requirements/Additional Information
ASW	Associate Clinical Social Worker	Yes	Associate Clinical Social Worker	104100000X - Social Worker	The service performed by a pre-licensed professional should be reported with modifier HL; The HL modifier is required for CPT codes and G2212, not HCPCS codes.
				1041C0700X - Social Worker, Clinical	
				1041S0200X - Social Worker, School	
LCSW	Licensed Clinical Social Worker	Yes	Social Worker	104100000X - Social Worker	
				1041C0700X - Social Worker, Clinical	
				1041S0200X - Social Worker, School	
AMFT	Associate Marriage and Family Therapist	Yes	Associate Marriage and Family Therapist	106H00000X - Marriage and Family Therapist	The service performed by a pre-licensed professional should be reported with modifier HL; The HL modifier is required for CPT codes and G2212, not HCPCS codes.
LMFT	Licensed Marriage and Family Therapist	Yes	Marriage and Family Therapist	106H00000X - Marriage and Family Therapist	
APCC	Associate Professional Clinical Counselor	Yes	Associate Professional Clinical Counselor	101YP2500X - Counselor, Professional	The service performed by a pre-licensed professional should be reported with modifier HL; The HL modifier is required for CPT codes and G2212, not HCPCS codes.

DISCIPLINE/TAXONOMY

Guide Abbreviation	NAPPA Category Description	License # Required	Discipline Description	Taxonomy Description	Requirements/Additional Information
MHRS	Mental Health Rehabilitation Specialist	No	Mental Health Rehab Specialist	171M00000X - Case Manager/Care Coordinator	Must have a BA degree and four years experience in a mental health setting (physical restoration, social adjustment, or vocational adjustment). Up to two years of graduate education may be substituted for years of experience on a year-for-year basis; Up to two years of post-AA clinical experience may be substituted for educational experience.
				225A00000X - Music Therapist	
				225800000X - Recreation Therapist	
				225400000X - Rehabilitation Practitioner	
				221700000X - Art Therapist	
				390200000X - Student in an Organized Health Care Education/Training Program	
OQP	Other Mental Health Worker	No	Other Qualified Provider	172V00000X - Community Health Worker	
Peer Specialist Certified	Certified Peer	No	Peer Specialist Certified	175T00000X - Peer Specialist	Must be certified as a Medi-Cal Peer Support Specialist
AdvPracPharm Student	Student Advanced Practice Pharmacist	No	Student Advanced Practice Pharmacist	390200000X - Student in an Organized Health Care Education/Training Program	Students, who are pre-licensed and not yet registered with their professional licensing boards, are considered Mental Health Rehabilitation Specialists for the purpose of rate identification.
CNS Student	Student Clinical Nurse Specialist	No	Student Clinical Nurse Specialist		
LVN Student	Student LVN	No	Student LVN		
MFT Student	Marriage and Family Therapist Trainee (Student)	No	Student MFT		
NP Student	Student Nurse Practitioner (Psych Mental Health)	No	Student NP		
OT Student	Student OT	No	Student OT		
Other Student	Other Student	No	Other Student		
PA Student	Student Physician Assistant	No	Student Physician Assistant		
PCC Student	Professional Clinical Counselor Trainee (Student)	No	Student PCC		
Pharm Student	Student Pharmacist	No	Student Pharmacist		
PT Student	Student Psych Tech	No	Student Psych Tech		
Psychology Student	Student/Intern Psychologist	No	Student Psychologist		
RN Student	Student Nurse	No	Student RN		
Social Work Student	Social Work Intern (Student)	No	Student MSW		

MODIFIERS

Up to four modifiers may be utilized on a service. If the number of modifiers to describe the service exceeds four, the Telehealth/Telephone modifiers (GT/SC/95/93) should be eliminated. Modifiers are not utilized on Add-On codes, except for GC, HL, HQ, HV, and HX.

Modifier	Definition	When to Use
Telehealth/Telephone		
<i>When the service is only with Mental Health/Health Professionals (Consultant), telehealth/telephone modifiers should not be used, and the POS should be 'office'.</i>		
93	Telephone (Audio Only)	If using this modifier, indicate that the service was provided in Place of Service 02 or 10. Only applies to CPT Codes.
95	Telehealth (Audio & Visual)	If using this modifier, indicate that the service was provided in Place of Service 02 or 10. Only applies to CPT Codes.
SC	Telephone (Audio Only)	If using this modifier, indicate that the service was provided in Place of Service 02 or 10. Only applies to HCPCS Codes.
GT	Telehealth (Audio & Visual)	If using this modifier, indicate that the service was provided in Place of Service 02 or 10. Only applies to HCPCS Codes.
Residents/Waived (Registered/Waivered)		
GC	Resident	Services provided by residents under the direction of a teaching physician. Only applies to CPT codes and G2212.
HL	Registered/Waived	Services provided by individuals who are currently registered with the applicable Board or have a waiver from DHCS and are under the direct supervision of licensed practitioners. Only applies to CPT codes and G2212.
Group		
HQ	Group service	Used to indicate the service was a group service for H2017& H0034 and add-on modifier G2212 for 90849 & 90853
Programs		
HK	IHBS/ICC	Use this modifier to indicate that an IHBS or ICC service was provided.
HV	FFPSA	Services provided by the Qualified Individual (QI) and aftercare services (for six months after discharge from an STRTP).
HX	Non Billable to Medi-Cal	Used for indigent services as well as services that cannot be billed to Medi-Cal such as when a Medi-Cal Lockout exists but some other payer will pay for the service (e.g., CalWORKs/GROW funding, MHSA will fully reimburse for services when a client is in jail or when a client is in a psychiatric inpatient facility).
Residential/Day Services		
HA	Child/adolescent program	Use this modifier when billing for Children's Crisis Residential Program (CCRP) services or psychiatric inpatient: administrative day under 21.
HB	Adult program, non-geriatric	Use this modifier when billing for crisis residential treatment services provided to adults from 21 through 64 years of age
HC	Adult program, geriatric	Use this modifier when billing for crisis residential treatment services provided to adults 65 years of age.
HE	Mental health program	Use this modifier when billing for 24-hour and day services. Do not use this modifier when claiming for outpatient services.
TG	Complex/high tech level of care	Use this modifier when billing for day treatment intensive and crisis stabilization.

MODIFIERS

Duplicate & Lockout Override

The service always takes precedence. Good clinical service should always determine what service or services are provided to a client within a given day. However, there are specific rules around which codes may be claimed on a given day for reimbursement by DHCS.

Practitioner Specific Lockouts: Lockouts are codes that cannot be billed together by the same practitioner on the same day. Sometimes lockouts can be overridden with an appropriate modifier.

Duplicates:

A claim for an outpatient service is considered a duplicate if all the following data elements are the same as another service approved in history:

- The beneficiary's CIN
- Rendering provider NPI
- Procedure code(s)
- Date of service

A claim for an inpatient, 24- Hour, or day service is considered a duplicate if all the following data elements are the same for another already approved service:

- The beneficiary's client Index Number (CIN)
- The County submitting the claim
- The facility location's NPI
- Date of services
- Procedure Code
- Units of service
- The billed amount

Modifier	Definition	When to Use
XE	Separate encounter, same practitioner	To override the locked-out codes, this modifier should be added to the service code with * or ** in the 'Practitioner Second Service Requiring Modifier (per Day)' column. For example, when a practitioner provides two different services that are locked out against each other (i.e., 90791 & 90839*) to the same client on the same day, the second code with * or ** requires the XE modifier to override.
XP	Separate practitioner	Not currently used
XU	Separate service, same practitioner	Not currently used
27	Separate E&M encounters	When multiple outpatient hospital E/M encounters occur for the same client on the same date of service. It is exclusive to hospital outpatient departments, including hospital emergency departments, clinics, and critical care. For example, when a MD works in 2 different outpatient hospital settings, the same client visited both settings on the same day. The MD may report the second locked out service with this modifier.
59	Distinct Procedural Service	Only if no more descriptive modifier is available, and the use of modifier 59 best explains the circumstances, should modifier 59 be used.
76	Repeat Procedure	This modifier is to override 24-hour or day duplicate services lockout for S9484 (crisis stabilization). Do not use this code for crisis intervention. This modifier may be used by a licensed, pre-licensed or otherwise qualified healthcare professional employed by the county and/or contracted provider. Except for Crisis Stabilization, billed with S9484:HE:TG, all duplicate inpatient, 24-hour, and day services will be denied. Crisis Stabilization billed with S9484:HE:TG may duplicate a previously approved claim for Crisis Stabilization once without additional modifiers and Crisis Stabilization may be duplicated more than once with an appropriate over-riding modifier.
77	Repeat Crisis Stabilization	Not currently used

ADD-ON CODES

Supplemental Codes: Additional and simultaneous services that were provided to the beneficiary during the visit or codes that describe the additional severity of the patient's condition. Supplemental Add-On Codes cannot be billed independently. Base codes that can be reported with these add-on codes are indicated in the 'Allowable Add-Ons' column of each base code.

When one of the supplemental add-on codes is utilized in group service, only one claim of one participant of the group can be reported with add-on code.

Description	Add-On Code	Definition	Rules
Interactive Complexity	90785	Interactive complexity may be reported with psychiatric procedures when at least one of the following communication difficulties is present: 1. The need to manage maladaptive communication (related to, e.g., high anxiety, high reactivity, repeated questions, or disagreement) among participants that complicates delivery of care. 2. Caregiver emotions/behavior that interfere with implementation of the treatment plan. 3. Evidence/disclosure of a sentinel event and mandated report to a third party (e.g., abuse or neglect with report to state agency) with initiation of discussion of the sentinel event and/or report with patient and other visit participants. 4. Use of play equipment, physical devices, interpreter or translator to overcome significant language barriers.	1. This supplemental add-on code should occur along with another service, such as assessment, therapy, E&M, etc. 2. This code must be submitted on the same claim as the primary service. 3. Only one unit of interactive complexity is allowed per service. 4. It is reimbursed at a single flat rate per service. 5. It cannot be used with T1013. 6. This code cannot be used by Pharmacist, OT, RN, LVN, LPT, Mental Health Rehab Specialist, Other Qualified Provider, Peer Specialist and Student.
Interpretation /Explanation of Results	90887:CG	This add-on code may be reported when the treatment of the patient may require explanations to the family, employers or other involved persons for their support in the therapy process. This may include reporting of examinations, procedures, and other accumulated data.	1. This supplemental add-on code should occur along with another service, such as therapy and E&M. 2. This code must be submitted on the same claim as the primary service. 3. Only one unit of interpretation/explanation of results is allowed per service. 4. This code cannot be used by RN, OT, LVN, LPT, Mental Health Rehab Specialist, Other Qualified Provider, Peer Specialist and Student.
Sign Language /Interpretation	T1013	This add-on code may be reported when the treatment of the patient requires the use of an Interpreter. It may not be used when a practitioner provide the service in the preferred language of the client (e.g. Spanish)	1. This supplemental add-on code should occur along with another service, such as assessment, therapy, Rehab, E&M, etc. 2. This code must be submitted on the same claim as the primary service. 3. Claims for interpretation should not exceed the claims for the primary service. For example, if a provider submits a claim that includes psychotherapy for 60 minutes and 5 units of sign language or oral interpretation, DHCS will deny T1013 because the maximum allowed in that instance is 60 minutes of interpretation or 4 units. 4. It cannot be used with 90785.
Caregiver Assessment	96161	This add-on code may be reported for use of a standardized instrument to screen for health risks in the caregiver for the benefit of the patient. Administration of caregiver-focused health risk assessment instrument (e.g., depression inventory) for the benefit of the patient, with scoring and documentation, per standardized instrument.	1. This code must be submitted on the same claim as the primary service. 2. Only one unit of caregiver assessment is allowed per service. 3. This code may only be used once per year. 4. This code cannot be used by LPT, Mental Health Rehab Specialist, Other Qualified Provider, Peer Specialist and Student.

PLACE of SERVICE/LOCATION

Most Commonly Used Locations

Code	Place of Service	Place of Service Description
2	Telehealth Provided Other than in Patient's Home	Location where service and health related services are provided or received, through telecommunication technology. Patient is not located in their home when receiving health services or health related services through telecommunication technology. This includes telephone services.
3	School	A facility whose primary purpose is education.
4	Homeless Shelter	A facility or location whose primary purpose is to provide temporary housing to homeless individuals (e.g., emergency shelters, individual or family shelters).
10	Telehealth Provided in Patient's Home	Location where health services and health related services are provided or received, through telecommunication technology. Patient is located in their home (which is a location other than a hospital or other facility where the patient receives care in a private residence) when receiving health services or health related services through telecommunication. This includes telephone services.
11	Office	Location, other than a hospital, skilled nursing facility (SNF), military treatment facility, community health center, State or local public health clinic, or intermediate care facility (ICF), where the health professional routinely provides health examinations, diagnosis, treatment of illness or injury on an ambulatory basis, and consultation service only with Mental Health/Health Professionals (Consultant).
12	Home	Location, other than a hospital or other facility, where the patient receives care in a private residence.
14	Group Home	A residence, with shared living areas, where clients receive supervision and other services such as social and/or behavioral services, custodial services, and minimal services (e.g., medication administration).
20	Urgent Care Facility	Location, distinct from a hospital emergency room, an office or a clinic, whose purpose is to diagnose and treat illness or injury for unscheduled, ambulatory patients seeking immediate medical attention.
21	Inpatient Hospital	A facility, other than psychiatric, which primarily provides diagnostic therapeutic (both surgical and non-surgical), and rehabilitation services by, or under, the supervision of physicians to patients admitted for a variety of medical conditions.
23	Emergency Room - Hospital	A portion of a hospital where emergency diagnosis and treatment of illness or injury is provided.
31	Skilled Nursing Facility	A facility which primarily provides inpatient skilled nursing care and related services to patients who require medical, nursing, or rehabilitative services but does not provide the level of care or treatment available in a hospital.
32	Nursing Facility	A facility which primarily provides to residents skilled nursing care and related services for the rehabilitation of injured, disabled, or sick persons, or on a regular basis, health-related care services above the level of custodial care to other than mentally disabled individuals.
33	Custodial Care Facility	A facility that provides room, board, and other personal assistance services, generally on a long-term basis, and which does not include a medical component.
51	Inpatient Psychiatric Facility	A facility that provides inpatient psychiatric services for the diagnosis and treatment of mental illness on a 24-hour basis by or under the supervision of a physician.
99	Other Place of Service	Other place of service not identified above.

PLACE of SERVICE/LOCATION

Other allowable locations. Consult Quality Assurance prior to use.

Code	Place of Service	Place of Service Description
1	Pharmacy	A facility where drugs and other medically related items and services are sold, dispensed, or otherwise provided directly to patients
5	Indian Health Service Free-Standing Facility	A facility or location, owned and operated by the Indian Health Service, which provides diagnostic, therapeutic (surgical and non-surgical), and rehabilitation services to American Indians and Alaska Natives who do not require hospitalization.
6	Indian Health Service Provider-Based Facility	A facility or location, owned and operated by the Indian Health Service, which provides diagnostic, therapeutic (surgical and non-surgical), and rehabilitation services rendered by, or under the supervision of, physicians to American Indians and Alaska Natives admitted as inpatients or outpatients.
7	Tribal 638 Free-Standing Facility	A facility or location owned and operated by a federally recognized American Indian or Alaska Native tribe or tribal organization under a 638 agreement, which provides diagnostic, therapeutic (surgical and nonsurgical), and rehabilitation services to tribal members who do not require hospitalization.
8	Tribal 638 Provider-Based Facility	A facility or location owned and operated by a federally recognized American Indian or Alaska Native tribe or tribal organization under a 638 agreement, which provides diagnostic, therapeutic (surgical and nonsurgical), and rehabilitation services to tribal members admitted as inpatients or outpatients.
9	Prison/Correctional Facility	A prison, jail, reformatory, work farm, detention center, or any other similar facility maintained by either Federal, State, or local authorities for the purpose of confinement or rehabilitation of adult or juvenile criminal offenders.
13	Assisted Living Facility	Congregate residential facility with self-contained living units providing assessment of each resident's needs and on-site support 24 hours a day, 7 days a week, with the capacity to deliver or arrange for services including some health care and other services.
15	Mobile Unit	A facility/unit that moves from place to place equipped to provide preventive screening, diagnostic, and/or treatment services.
16	Temporary Lodging	A short-term accommodation such as a hotel, campground, hostel, cruise ship or resort where the patient receives care, and which is not identified by any other POS code.
17	Walk-in Retail Health Clinic	A walk-in health clinic, other than an office, urgent care facility, pharmacy, or independent clinic, and not described by any other Place of Service code, that is located within a retail operation and provides, on an ambulatory basis, preventive and primary care services.
18	Place of Employment-Worksite	A location, not described by any other Place of Service code, owned and operated by a public or private entity where the patient is employed, and where a health professional provides on-going or episodic occupational medical, therapeutic or rehabilitative services to the individual.
19	Off Campus—Outpatient Hospital	A portion of an off-campus hospital provider-based department which provides diagnostic, therapeutic (both surgical and nonsurgical), and rehabilitation services to sick or injured persons who do not require hospitalization or institutionalization.
22	On-Campus Outpatient Hospital	A portion of a hospital's main campus which provides diagnostic, therapeutic (both surgical and nonsurgical), and rehabilitation services to sick or injured persons who do not require hospitalization or institutionalization.
24	Ambulatory Surgical Center	A freestanding facility, other than a physician's office, where surgical and diagnostic services are provided on an ambulatory basis.
25	Birthing Center	A facility, other than a hospital's maternity facilities or a physician's office, which provides a setting for labor, delivery, and immediate postpartum care as well as immediate care of newborn infants.

PLACE of SERVICE/LOCATION

26	Military Treatment Facility	A medical facility operated by one or more of the Uniformed Services. Also refers to certain former U.S. Public Health Services facilities now designed as Uniformed Service Treatment Facilities.
34	Hospice	A facility, other than a patient's home, in which palliative and supportive care for terminally ill patients and their families are provided.
41	Ambulance - Land	A land vehicle specifically designed, equipped and staffed for lifesaving and transporting the sick or injured.
42	Ambulance - Air or Water	An air or water vehicle specifically designed, equipped, and staffed for lifesaving and transporting the sick or injured.
49	Independent Clinic	A location, not part of a hospital and not described by any other Place of Service code, that is organized and operated to provide preventive, diagnostic, therapeutic, rehabilitative, or palliative services to outpatients only.
50	Federally Qualified Health Center	A facility located in a medically underserved area that provides Medicare beneficiaries preventive primary medical care under the general direction of a physician.
52	Psychiatric Facility – Partial Hospitalization	A facility for the diagnosis and treatment of mental illness that provides a planned therapeutic program for patients who do not require full time hospitalization, but who need broader programs than are possible from outpatient visits to a hospital-based or hospital-affiliated facility.
53	Community Mental Health Center	A facility that provides the following services: outpatient services, including specialized outpatient services for children, the elderly, individuals who are chronically ill, and residents of the CMHC's mental health services are who have been discharged from inpatient treatment at a mental health facility; 24 hour a day emergency care services; day treatment, other partial hospitalization services, or psychosocial rehabilitation services; screening for patients being considered for admission to State mental health facilities to determine the appropriateness of such admission; and consultation and education services.
54	Intermediate Care Facility/Individuals with Intellectual Disabilities	A facility which primarily provides health-related care and services above the level of custodial care to individuals with intellectual disabilities but does not provide the level of care or treatment available in a hospital or SNF.
55	Residential Substance Abuse Treatment Facility	A facility which provides treatment for substance (alcohol and drug) abuse to live-in residents who do not require acute medical care.
56	Psychiatric Residential Treatment Center	A facility or distinct part of a facility for psychiatric care which provides a total 24-hour therapeutically planned and professional staffed group living and learning environment.
57	Non-Residential Substance Abuse Treatment Facility	A location which provides treatment for substance (alcohol and drug) abuse on an ambulatory basis. Services include individual and group therapy and counseling, family counseling, laboratory tests, drugs and supplies, and psychological testing.
58	Non-Residential Opioid Treatment Facility	A location that provides treatment for opioid use disorder on an ambulatory basis. Services include methadone and other forms of Medication Assisted Treatment (MAT)
60	Mass Immunization Center	A location where providers administer pneumococcal pneumonia or influenza virus vaccinations and submit these services as electronic media claims, paper claims, or using the roster billing method. This generally takes place in a mass immunization setting, such as, a public health center, pharmacy, or mall but may include a physician office setting.

PLACE of SERVICE/LOCATION

61	Comprehensive Inpatient Rehabilitation Facility	A facility that provides comprehensive rehabilitation services under the supervision of a physician to inpatients with physical disabilities. Services include physical therapy, occupational therapy, speech pathology, social or psychological services, and orthotics and prosthetic services
62	Comprehensive Outpatient Rehabilitation Facility	A facility that provides comprehensive rehabilitation services under the supervision of a physician to outpatients with physical disabilities. Services include physical therapy, occupational therapy, and speech pathology services.
65	End-Stage Renal Disease Treatment Facility	A facility other than a hospital, which provides dialysis treatment, maintenance, and/or training to patients or caregivers on an ambulatory or home-care basis.
71	Public Health Clinic	A facility maintained by either State or local health departments that provides ambulatory primary medical care under the general direction of a physician
72	Rural Health Clinic	A certified facility which is located in a rural medically underserved area that provides ambulatory primary medical care under the direction of a physician.
81	Independent Laboratory	A laboratory certified to perform diagnostic and/or clinical tests independent of an institution or a physician's office.

ASSESSMENT

Services are recorded in the clinical record and reported in IBHIS/on claims in units.
For more information, refer to the Short-Doyle/Medi-Cal Organizational Provider's Manual Chapter 2

Mode/Service Function Code:15/42

All codes in this section may be used for Intensive Home Based Service (IHBS) by adding the HK modifier; IHBS is provided to beneficiaries under 21 who are eligible for full-scope Medi-Cal services and who meet medical necessity criteria with Pre-Authorization; Mode/Service Function Code for IHBS: 15/57
