

# Build a safe school climate, reduce bullying, substance abuse and violence!

**School safety means that you as a student, your family and school staff feel safe from violence, bullying and harassment. Increasing this can also mean addressing the roots of the problem.**

Join this month's Student Public Health Ambassador training, led by the Office of Violence Prevention.

- Learn how you can help to improve school culture through strategies like:
  - Community and family engagement
  - Building your leadership skills
  - Rethinking discipline and attendance policies
- Learn about opportunities to share your thoughts on school safety.

**Questions? Email us:**
