Current Situation: Firefighters continue to extinguish hot spots within the perimeter of the fire. The repopulation of residents is ongoing, with zones being released in phases to ensure safety of public and utility agencies. Numerous calls for service have been received from communities that have been repopulated. The Infrastructure Group is being utilized to assist Public Works with the clearing of roadways and opening of storm drains. Fire Suppression Repair is nearing completion. Resources are staged strategically in La Cañada along the western flank of the fire, ready to respond to any new fire starts or fire activity within the current footprint.

Weather: Very critical fire weather conditions are expected to continue tonight. A Particularly Dangerous Situation (PDS) Red Flag Warning is in effect until tomorrow at 10 a.m.. Dry conditions and Santa Ana winds are expected to continue through Thursday.

Damage Assessment: Damage inspection teams have completed inspections for 99% of all structures within the fire perimeter.

Evacuations: For the most up-to-date evacuation and repopulation information visit Genasys Protect at: <https://protect.genasys.com/search>

Evacuations remain in place due to numerous downed trees, downed power lines, gas leaks and power outages. If you have questions or need specific clarification regarding evacuations in your area, please reach out to your city's official government website to receive further information.
