**A public forum taking a “bird’s eye” view of Marin County
and how it might change over the next 40 years.**

Join us in conversation as we explore opportunities to plan communities that...

... **Reduce carbon pollution and curb climate change** through good land use and transportation patterns
— **BOB BROWN**, former San Rafael Community Development Director

... **Respect environmental constraints** and conserve natural resources
— **NONA DENNIS**, former President, Marin Conservation League; environmental advocate

... **Deliver housing choices** that meet equity, economic, and environmental needs
— **THE REV. BETTY PAGETT**, housing advocate, League of Women Voters

... **Create vital, livable communities** that express architectural richness of place
— **JOHN KING**, urban design critic, San Francisco Chronicle

Moderated by **KATE SEARS**, Supervisor, Marin County 3rd District
