

Which FasTrak® Transponder is Right for You?

The Toll Roads offer a variety of transponders to best fit the needs of our drivers. Whether you have a sticker or switchable, all transponders issued by The Toll Roads can be used to pay tolls on any tolled bridge, lanes and road throughout California.

Because your FasTrak transponder can be used on any tolled facility, you only need one account. When you open an account, it is important to do so with the agency that operates the facility that you'll use most, to take advantage of programs and discounts that best match your driving habits.
