Foresthill Divide Community Protection Plan Workshop

Funding + Treatment Options for Private Landowners

Thursday, October 8, 2026

5:30–7:30 PM

HHS Building | 11434 B Ave. | Auburn, CA | Cordova Room

Join local landowners, agencies, and fire resilience partners for a practical conversation about taking action on your property — and finding resources to help pay for it.

We'll Cover:
Funding: Explore grants, cost-share programs, and other funding opportunities for forest health and fuels reduction on your land.

Treatment Options: Learn about mechanical treatments, hand crews, prescribed fire, cultural burning, and how to choose the right approach for your property.

Removing Barriers: Bring your questions about cost, contractors, access, permitting, and working with neighbors.

Priority Areas: See where Foresthill Divide wildfire resilience efforts are focused and how individual properties can contribute to community-scale protection.

PLEASE RSVP:

This meeting is part of the Foresthill Divide Community Protection Plan, a collaborative effort to build a more inclusive, community-based approach to wildfire resilience.
