1. SUBJECT: TRAFFIC ADVISORY COMMITTEE (6/28/17 - ADOPT RECOMMENDATIONS; 7/19/17 - SECOND READING OF ORDINANCE) (DISTRICTS: 2, 3, & 5)

OVERVIEW

The Traffic Advisory Committee meets every six weeks to review proposed additions, deletions, or changes to regulatory traffic control devices on County-maintained roads. The Committee recommends the Board of Supervisors act on five items from the April 28, 2017 meeting agenda.

Item 2-A would establish a time limit parking prohibition on Alpine Boulevard east of West Victoria Drive to regulate the amount of time parked vehicles are allowed to park on Alpine Boulevard in this area and help keep Alpine's village center vibrant.

Items 2-B and 2-C would recertify speed limits for radar enforcement on two segments of Hillsdale Road in Rancho San Diego. These items will establish a tool for speed enforcement that increases road safety and retains mobility. Properly posted speed limits provide feedback to safe and reasonable drivers to improve traffic safety and reduce the number and severity of collisions and allow for fair enforcement.

Item 3-A would add an all-way stop at the intersection of Camino San Bernardo and Deer Ridge Road in 4S Ranch. This item will provide a safety enhancement measure for pedestrians, bicyclists, and all other road users by providing a greater level of right-of-way assignment at the intersection. Properly posted all-way stop controls at intersections reduce the number and severity of collisions by assuring that reasonable drivers enter the intersection at a low speed and have more time to take heed of the traffic situation.

Item 5-A would add an all-way stop at the intersection of Oleander Avenue at Mimosa Avenue in Vista. This item will provide a safety enhancement measure for pedestrians, bicyclists, and all other road users by providing a greater level of right-of-way assignment at the intersection. Properly posted all-way stop controls at intersections reduce the number and severity of collisions by assuring that reasonable drivers enter the intersection at a low speed and have more time to take heed of the traffic situation.

The Board of Supervisors (Board) action on Item 2-A will revise the San Diego County Code of Regulatory Ordinances (County Code) and requires two steps. On June 28, 2017, the Board will consider the TAC items. If the Board takes action

on June 28, 2017, then on July 19, 2017, a second reading of an Ordinance adding Section 72.142.1 to the County Code would be necessary to implement the Board's direction for Item 2-A.

2. **SUBJECT: NOTICED PUBLIC HEARING:
PUBLIC HEARING TO CONFIRM FISCAL YEAR 2017-18
LEVIES FOR PERMANENT ROAD DIVISION ZONES,
COUNTY SERVICE AREAS AND ZONES, AND
STORMWATER MAINTENANCE ZONES (DISTRICTS: 2,
3, & 5)**

OVERVIEW

An annual public hearing is required to confirm and adopt levies for Permanent Road Division Zones, County Service Areas and Zones, and Flood Control District Stormwater Maintenance Zones. These levies ensure funding for the

operation of assessment districts to provide various services for the public throughout the County.

Through today's actions, levies will be adopted for 20 County Service Areas and Zones, and three Flood Control District Stormwater Maintenance Zones that will levy within their voter-approved range for Fiscal Year 2017-18. In addition, there are rate increases proposed in one Permanent Road Division Zone as a result of a ballot approval and in five County Service Areas, based on approved cost of living escalators.

All levies have been previously approved by property owner ballots or registered district voter elections in accordance with Articles XIII A-D of the California Constitution. All proposed levies are within approved maximum rates. The following is the summary of the proposed levies for Fiscal Year 2017-18:

Permanent Road Division Zones - Department of Public Works

A Permanent Road Division is a district which provides property owners a mechanism to pay for private road maintenance in a geographically defined area. There is one Countywide Permanent Road Division (PRD) that currently has 68 zones within the unincorporated County which provide maintenance of approximately 94 centerline miles of roads. PRD Zones are formed at the request of property owners and are located in various communities throughout unincorporated San Diego County. Forty-eight of the 68 zones levy assessments. The other 20 receive ad valorem tax. This is a request to authorize levies for 46 zones, because levies for two of the 48 zones were brought to the Board as separate requests. Of the 46 zones requested to authorize levies, the proposed annual assessment will remain at the current rate for 45 PRD Zones, and property owners within one PRD Zone have approved a rate increase as follows:

1. PRD Zone 10 - Davis Drive provides private road maintenance services within Fallbrook. The proposed annual rate will increase from \$50 to \$150 per benefit unit based on results of a property owner ballot.

County Service Areas

County Service Areas (CSA) and zones provide funding for services related to park and landscape maintenance, fire protection, flood control/stormwater management facilities, paramedic/emergency medical services, and regional emergency communication services.

Department of Parks and Recreation

There are three CSAs administered by the Department of Parks and Recreation that provide park operations, maintenance, and improvements within unincorporated communities. There is no approved Consumer Price Index inflator; therefore, the proposed annual assessment will remain at the current rate for two of the three:

1. CSA 26 - Rancho San Diego
2. CSA 128 - San Miguel

The proposed annual assessment will increase based on the Consumer Price Index for:

3. CSA 83 - San Dieguito Local Parks District Zone A (4S Ranch): The proposed maximum annual assessment rate will increase from \$119.71 to \$122.06 per benefit unit in accordance with an increase in the Consumer Price Index of 1.97%, as approved by the voters.

Department of Public Works

There are two zones within CSA 26 administered by the Department of Public Works for landscaping and open space management in designated areas of the Rancho San Diego community. The proposed annual assessment will remain at the current rate for both:

1. CSA 26A - Cottonwood Village
2. CSA 26B - Monte Vista

Sheriff's Department and San Diego County Fire Authority

County Service Area No. 135 (CSA 135) - CSA 135 provides a district-wide regional communications system and fire protection and emergency services within a specific service area.

Sheriff's Department

There are three zones within CSA 135 administered by the Sheriff's Department for the 800 MHz Regional Communications for public safety communications services in designated areas. The proposed annual special tax will remain at the current rate for all three:

1. CSA 135 Zone B - Del Mar
2. CSA 135 Zone F - Poway
3. CSA 135 Zone H - Solana Beach

San Diego County Fire Authority

There are nine zones within CSA 135 administered by the San Diego County Fire Authority that provide structural fire protection and emergency services within designated areas within the community boundaries. The proposed annual special tax will increase based on the Consumer Price Index for:

1. CSA 135 - Palomar Mountain: The proposed maximum annual special tax will increase from \$150.73 to \$153.70 per benefit unit in accordance with the increase in the Consumer Price Index of 1.97%, as approved by the voters.
2. CSA 135 - San Pasqual: The proposed maximum annual special tax will increase from \$27.71 to \$28.25 per benefit unit, in accordance with the increase in the Consumer Price Index of 1.97%, as approved by the voters.

The proposed annual special tax will remain at the current rate for:

3. CSA 135 - Mount Laguna

The following zones were previously managed by the San Diego Rural Fire Protection District and are now administered by the County of San Diego. The proposed annual special tax will remain at the current rate for:

4. CSA 135 - Descanso
5. CSA 135 - Dulzura
6. CSA 135 - Jacumba
7. CSA 135 - Potrero
8. CSA 135 - Rural West
9. CSA 135 - Tecate

Health and Human Services Agency

There are two CSAs that provide emergency and medical paramedic services. The proposed annual special tax will increase based on an increase in the Consumer Price Index for:

1. CSA 17 - San Dieguito Emergency Medical Services: The proposed maximum special tax will increase from \$29.05 to \$29.62 per benefit unit in accordance with the increase in the Consumer Price Index of 1.97%.
2. CSA 69 - Heartland Paramedic Services: The proposed maximum annual special tax will increase from \$52.73 to \$53.77 per benefit unit in accordance with the increase in the Consumer Price Index of 1.97%.

San Diego County Flood Control District

The San Diego County Flood Control District manages one CSA and three Stormwater Maintenance Zones that provide funding for operating and maintaining

flood control detention basins and stormwater best management practices improvements. The proposed annual assessment will remain at the current rate for the one CSA:

1. CSA 136 - Sundance Detention

The Stormwater Maintenance Zones were established and are managed pursuant to District ordinances. The proposed annual assessments will also remain at the current rate for the three Stormwater Maintenance Zones:

1. Stormwater Maintenance Zone No. 3-4978-1 - Blackwolf
2. Stormwater Maintenance Zone No. 4-4249-3 - Lake Rancho Viejo
3. Stormwater Maintenance Zone No. 3-5142-1 - Ponderosa

Today's request is to adopt Resolutions confirming levies for Permanent Road Division Zones, County Service Areas and Zones, and Stormwater Maintenance Zones. Upon approval, the annual assessments will be placed on the tax roll so that the property owners can continue to pay the benefit assessment or special tax through their property tax bills. These actions are discretionary after consideration of public testimony.

3. **SUBJECT: HEARING TO CONFIRM FISCAL YEAR 2017-18 ASSESSMENTS IN THE SAN DIEGO COUNTY STREET LIGHTING DISTRICT AND LANDSCAPE MAINTENANCE DISTRICT ZONES NO. 1 - RANCHO SAN DIEGO AND NO. 2 - JESS MARTIN PARK (DISTRICTS: ALL)**

OVERVIEW

A public hearing is required annually to approve each district's Engineer's Report and confirm benefit levies for the coming fiscal year. This item ensures continued funding for the operation of the County of San Diego Street Lighting District and Parks and Recreation services in Rancho San Diego and Jess Martin Park in Julian.

San Diego County Street Lighting District

The San Diego County Street Lighting District operates and maintains 10,357 public street lights in unincorporated San Diego County and is dedicated to providing quality streetlight service at a low cost to property owners. Funding for

the district is used to install, operate, and maintain the streetlights and comes from a portion of the ad valorem property tax and assessments charged to benefiting properties. Funding for the district is sufficient to operate and maintain the street lights for the next fiscal year without a rate increase. The proposed annual assessment rate will remain at the current assessment rate of \$13.50 per benefit unit and is within the voter-approved maximum rates for all land use categories.

Landscape Maintenance District Zone No. 1 - Rancho San Diego

Landscape Maintenance District Zone No. 1 - Rancho San Diego was established to supplement revenue assessed by County Service Area No. 26 - Rancho San Diego for park operation, maintenance, and improvements within the Rancho San Diego boundary. The proposed maximum annual assessment rate will increase from \$32.38 to \$33.01 per benefit unit in accordance with a Consumer Price Index increase of 1.97%.

Landscape Maintenance District Zone No. 2 - Jess Martin Park

Landscape Maintenance District Zone No. 2 - Jess Martin Park was established to fund ongoing maintenance of amenities and construction of minor capital improvements at Jess Martin Park in the community of Julian. There is no approved Consumer Price Index inflator therefore; the assessment rate will remain at the current assessment rate of \$47.82 per single family home per year.

This action requires two steps. To become effective, the proposed assessments must be confirmed by the Board at an annual public hearing. On June 28, 2017, the actions requested are to approve the Engineer's Reports for the San Diego County Street Lighting District and Landscape Maintenance District Zones No. 1 - Rancho San Diego and No. 2 - Jess Martin Park, and to set a public hearing date of July 19, 2017. If the Board takes these actions on June 28, 2017, then at the hearing on July 19, 2017, after hearing public testimony, the Board will be asked to consider adopting resolutions confirming the assessments. Upon approval, the assessments will be placed on the tax roll, so that the property owners can continue to pay the benefit assessment through their property tax bills. These actions are discretionary after consideration of public testimony.
