8. **SUBJECT: ALLOCATE UP TO \$10 MILLION TO THE SPECIAL NEEDS HOUSING PROGRAM FOR PERMANENT SUPPORTIVE HOUSING (DISTRICTS: ALL)**

OVERVIEW

The Mental Health Services Act (MHSA) provides funding for counties to address a broad continuum of prevention, early intervention and service needs, and the necessary infrastructure, technology and training elements to effectively support the public mental health system. The MHSA consists of five program components:

- Community Services and Supports
- Prevention and Early Intervention
- Workforce Education and Training
- Innovation
- Capital Facilities and Technological Needs

Funding from the MHSA Community Services and Supports (CSS) component may be used to provide housing for children with severe emotional disturbance (SED) and their families, transition age youth, adults and older adults with serious mental illness (SMI) who are homeless or at risk of homelessness, and receive MHSA services. MHSA housing transforms the mental health system by providing consumers housing and support services to enable them to live more independently. The housing program establishes partnerships at the local level, resulting in housing development that reflects local priorities while expanding safe, affordable housing options for individuals with SMI or SED and their families. The funds are utilized for capital loans for the development, acquisition, construction and/or rehabilitation of permanent supportive housing. Funding may also be used to provide operating subsidies.

The California Housing Finance Agency (CalHFA) operates the Local Government Special Needs Housing Program (SNHP) on behalf of jurisdictions throughout California. As required by the SNHP, counties are required to receive Board authorization for the assignment of new funds to CalHFA for the SNHP.

Today's recommended action requests the Board of Supervisors approve the transfer of up to an additional \$10 million to CalHFA for the SNHP to develop permanent supportive housing units.

Today's action supports the *Live Well San Diego* vision of a safe and thriving community and is aligned with the County's Project One for All initiative as well as the Health and Human Services Agency's Ten Year Roadmap for Behavioral Health Services, by providing housing and support services to vulnerable individuals who are homeless or at risk of homelessness and experiencing mental illness.

FISCAL IMPACT

Funds for this request are included in the Fiscal Year 2017-19 Operational Plan in the Health and Human Services Agency. If approved, this request will result in cost and revenue of up to \$10 million in Fiscal Year 2017-18. The funding source is Mental Health Services Act (MHSA). The MHSA consists of five program components designated by the State: Community Services and Supports, Prevention and Early Intervention, Workforce Education and Training, Capital Facilities and Technological Needs, and Innovation.

Approval of today's recommended actions authorizes competitive solicitations for behavioral health programs and services and the amendment of existing contracts procurements, to continue implementing and enhancing the delivery of behavioral health services in the San Diego region.

- 10. SUBJECT: MADDY EMERGENCY MEDICAL SERVICES FUND
(DISTRICTS: ALL)**

OVERVIEW

California law authorizes counties to establish a Maddy Emergency Medical Services (EMS) Fund, through the adoption of a resolution by a Board of Supervisors, as a revenue source for critical emergency medical services in California counties. Revenue for Maddy EMS Funds are derived from additional penalties assessed on fines and forfeitures that courts collect for certain criminal offenses and motor vehicle violations.

San Diego County's Maddy EMS Fund was established by the Board of Supervisors in 1988. The funds go to hospitals and physicians providing uncompensated trauma and emergency care services, and to support critical County programs such as the regional communications system, contract costs for ambulance service provision in rural and unincorporated areas of the county, and maintenance of prehospital information and communications systems. On March 20, 2007 (7), the San Diego County Board of Supervisors adopted a resolution to establish an additional two-dollar assessment on fines, penalties and forfeitures to further support the Maddy EMS Fund, including funding specifically for pediatric trauma care.

In Fiscal Year 2017-2018, the State of California EMS Authority issued guidance for distribution and reporting of Maddy EMS funds as part of the State's Maddy EMS Fund annual reporting process. Approval of today's action would provide authority for the Health and Human Services Agency to distribute from the Maddy EMS funds in accordance with this new guidance and as described in California Health and Safety Code Section 1797.98. This action supports the County's *Live Well San Diego* vision by supporting the effective and timely delivery of critical emergency medical services.

ACRES OF VACANT LAND FOR NEW LIVE WELL CENTER
FACILITY (JACOBS CENTER FOR NEIGHBORHOOD INNOVATION
& WEST SIDE CREEK, LLC) - AUTHORIZATION TO ADVERTISE
AND AWARD A DESIGN-BUILD CONTRACT (DISTRICT: 4)**

OVERVIEW

On May 15, 2018 (11), the Board of Supervisors set a hearing for June 19, 2018, to consider authorizing the Director, Department of General Services to exercise the County's right to purchase a vacant 4.06 acre site for a new Southeastern Live Well Center near the intersection of Euclid Avenue and Market Street in the City of San Diego. The proposed site, consisting of Assessor's Parcel Numbers 548-040-06 through 548-040-09 (also referred to as Real Property Numbers 2017-0235-A and 2017-0236-A), is owned by the Jacobs Center for Neighborhood Innovation and its subsidiary, West Side Creek LLC. 14. SUBJECT: ADOPT A RESOLUTION AUTHORIZING THE ACCIDENT REPAIR-SHERIFF INTERNAL SERVICE FUND (ISF) CLOSURE (DISTRICTS: ALL)

OVERVIEW

In 1997, the Department of General Services (DGS) Accident Repair and Accident Repair-Sheriff Internal Service Funds (ISFs) were created to accumulate accident costs for distribution to County departments through established rates. The purpose of the Accident Repair-Sheriff ISF was to segregate costs related to Sheriff repairs. In prior years, departments were billed an annual rate per vehicle to recover costs in each fund. DGS determined that a revised allocation was necessary to equitably distribute costs associated with vehicle accident repairs to departments. On August 1, 2017 (14), appropriations were established in the Department of General Services Accident Repair ISF to accumulate accident costs for distribution to all departments, including the Sheriff's Department, based on a revised allocation method. The revised allocation uses five years of department accident repair history as the base for the calculation of rates. Therefore, today's request is to adopt a Resolution authorizing the closure of the Accident Repair-Sheriff ISF and address the steps required to complete the closure.

RECOMMENDATION(S)

CHIEF ADMINISTRATIVE OFFICER

1. Adopt a Resolution entitled A RESOLUTION OF THE BOARD OF SUPERVISORS OF THE COUNTY OF SAN DIEGO RELATING TO THE CLOSURE OF THE ACCIDENT REPAIR-SHERIFF INTERNAL SERVICE FUND (ISF).
2. Amend the Fiscal Year 2017-18 Department of General Services Accident Repair-Sheriff Internal Service Fund (ISF) by establishing appropriations of \$375,000 in an Operating Transfer Out for transfer to the Department of General Services Accident Repair ISF based on available prior year fund balance. **(4 VOTES)**
3. Amend the Fiscal Year 2017-18 Department of General Services Accident Repair Internal Service Fund (ISF) by establishing appropriations of \$375,000 in Services and Supplies based on an Operating Transfer In from the Department of General Services Accident Repair-Sheriff ISF. **(4 VOTES)**
4. Authorize the Director, Department of General Services and the Auditor and Controller to take additional action as required to complete the closure of the Accident Repair-Sheriff Internal Service Fund (ISF).

FISCAL IMPACT

Funds for this request are not included in the Fiscal Year 2017-18 Operational Plan in the Department of General Services. If approved, total estimated resources of \$375,000 in the Accident Repair-Sheriff Internal Service Fund (ISF) at the time of closure will be ultimately transferred out to the Accident Repair ISF. Final amounts will be based on actual balances at the time of fund closure. There will be no change in net General Fund cost and no additional staff years.

15. SUBJECT: PURCHASING AND CONTRACTING - ESTABLISH A TWO-STEP BEST VALUE AWARD PROCESS FOR CONSTRUCTION PROJECTS (DISTRICTS: ALL)

OVERVIEW

Public Contract Code Section 20155 authorizes a pilot program for specified counties, including the County of San Diego, to select bidders for construction projects exceeding \$1 million on the basis of best value. Best Value is a process whereby the bidders are evaluated on objective qualifications-based criteria, with the resulting selection representing the best combination of price and qualifications.

In 2017, State Senate Bill 793 (Hill) amended the Public Contract Code to expand and clarify that the existing best value pilot program includes individual annual contracts (job order contracts) up to \$3 million for repair, remodeling, or other repetitive work done by unit price, as well as allows for the extension or renewal of such annual contracts for two subsequent annual terms.

In order to participate in the best value construction contracting pilot program, the Director, Department of Purchasing and Contracting requests authority to implement a two-step best value procurement process for qualifying construction projects. The contracting authority would be used for work budgeted in the capital and major maintenance improvement programs. Job order contracts will be advertised periodically based on department forecasts of work. Today's Board action requests adoption of the Best Value Construction Contract Procurement Procedures and Criteria, as well as authorization for participating departments to directly submit a report to the State Legislature, with a copy to the Board, of their processes and findings of the pilot program before January 1, 2020 pursuant to Public Contract Code 20155.7.

RECOMMENDATION(S)

CHIEF ADMINISTRATIVE OFFICER

1. Find that the proposed action is not subject to the California Environmental Quality Act (CEQA) under Article 5, Section 15060(c)(3) of the State CEQA Guidelines because it is not a project as defined by Section 15378.
2. Pursuant to Public Contract Code Section 20155(c), adopt and direct Purchasing and Contracting staff to publish the procedures and required criteria in Attachment 1.
3. Direct participating Best Value Construction Contracting Pilot Program departments to submit a report in accordance with Public Contract Code Section 20155.7 to the State Legislature, with a copy to the Board, summarizing their contracts awarded pursuant to the pilot program before January 1, 2020.

FISCAL IMPACT

There is no direct fiscal impact as a result of today's requested action. If approved, this request will result in the establishment of a process for award of qualifying best value construction contracts. In accordance with the Public Contract Code, requests to advertise such contracts will be brought to the Board for authorization.
