1. SUBJECT: ADOPT RESOLUTIONS DESIGNATING OFFICIAL SIGNATORIES FOR FEDERAL EMERGENCY MANAGEMENT AGENCY PROGRAMS (DISTRICTS: ALL)

OVERVIEW

The Federal Emergency Management Agency (FEMA) provides assistance to help states and local communities reduce or eliminate long term risk and to prepare for flooding disasters. Many of these programs are administered in California by the Governor's Office of Emergency Services (CalOES) on behalf of FEMA.

FEMA grant programs include Flood Mitigation Assistance, Pre-Disaster Mitigation, Repetitive Flood Claims, Severe Repetitive Loss, Hazard Mitigation Grant Program, and Local Hazard Mitigation Planning Program. The unincorporated region has experienced catastrophic flooding within the last 10 years and these programs provide funding to ensure the County of San Diego (County) is prepared and can mitigate risks associated with flooding.

The County also participates in the Community Rating System program to enable communities to reduce their insurance premiums by accumulating credit for undertaking approved tasks and activities that go above and beyond the minimum National Flood Insurance Program standards. The County is currently rated as a Class 6 Community which equates to 20% reduction in flood insurance premiums for unincorporated county residents and businesses.

Proactively preparing to participate in these programs positions the County to be more competitive for funding to mitigate flooding risks. A resolution is required to designate the official County agents authorized to sign and submit grant applications, associated documents, and accept grant funds awarded to the County of San Diego and/or the San Diego County Flood Control District through August 8, 2021.

This is a request to adopt three resolutions authorizing the Director of Public Works, Assistant Director of Public Works, Deputy Director of Public Works, and Flood Control District Manager, as official agents of the County and Flood Control District, to execute and submit documents, including but not limited to applications, agreements, and grant acceptance letters for the FEMA programs. Associated grants would be for projects that are already identified in the Five Year Capital Improvement Program or emergency projects and all matching funds would be from the Flood Control District, Road Fund, or other appropriate matching grants unless previously allocated from General Fund.
