**1. SUBJECT: NOTICED PUBLIC HEARING:  
AN ORDINANCE ADDING SECTION 33.104.1 OF THE SAN DIEGO  
COUNTY CODE OF REGULATORY ORDINANCES TO RESTRICT  
TARGET SHOOTING NEAR DONOHOE MOUNTAIN IN THE  
DULZURA AREA (DISTRICT: 2)**

**OVERVIEW**

This is a request to adopt an ordinance adding Section 33.104.1 of the San Diego County Code of Regulatory Ordinances to limit target shooting year-round near Donohoe Mountain in the Dulzura area for fire and public safety reasons. This new section describes locations where the discharge of firearms at any mark or target, is prohibited in the unincorporated County, except for in the defense of person or property. The new section does not prohibit shooting at legal game or wildlife.

A Memorandum of Understanding (MOU) between the San Diego County Sheriff's Department and the Bureau of Land Management (BLM) allows the County to restrict shooting on lands managed by the BLM. The MOU also allows BLM officers to enforce the County's shooting ordinance.

This ordinance amendment would restrict target shooting on two portions of Bureau of Land Management property along and directly to the south of State Route 94/Campo Road and along and to the west of Marron Valley Road near Dulzura. This closure would reduce the year-round threat of wildfire and increase public safety in the area.

**RECOMMENDATION(S)**

**CHIEF ADMINISTRATIVE OFFICER**

1. Approve introduction of the proposed San Diego County Code amendment (first reading); read title and waive further reading of the following ordinance (Attachment A):  
**AN ORDINANCE ADDING SECTION 33.104.1 OF THE SAN DIEGO COUNTY CODE OF REGULATORY ORDINANCES TO RESTRICT TARGET SHOOTING NEAR DONOHOE MOUNTAIN IN THE DULZURA AREA**

If, on October 9, 2018, the Board takes the action recommended above, then, on November 13, 2018:

2. Submit the ordinance (Attachment A) for further Board consideration and adoption (second reading):

## **OVERVIEW**

The County of San Diego (County), as a recipient of the U.S. Department of Housing and Urban Development (HUD) entitlement program funding, develops an Annual Plan in the spring of each year to identify specific projects to be funded during the upcoming fiscal year.

Administered by the Health and Human Services Agency, Housing and Community Development Services, funds from three federal entitlement programs including Community Development Block Grant (CDBG), Home Investment Partnerships (HOME), and Emergency Solutions Grant (ESG) support a wide variety of housing and community development activities in the region.

During the development of the Annual Plan, the County opens a public comment period and holds a public meeting within its jurisdiction to obtain resident input as part of the Needs Assessment Stage. A total of two public hearings per year must be held to obtain citizens' views and to respond to proposals and questions, to be conducted at a minimum of two different stages of the program year, are statutorily required by HUD. Today's hearing serves as the first hearing of the program year and provides an opportunity for the Board of Supervisors to receive public comment which will guide the development of the draft Fiscal Year 2019-20 Annual Plan.

Today's actions support the County's *Live Well San Diego* vision by ensuring low-income residents have access to suitable living environments as well as to enhance the quality of life for residents by encouraging decent and affordable housing.

### **4. SUBJECT: SAFE HOMES FOR SAFER COMMUNITIES (DISTRICTS: ALL)**

#### **OVERVIEW**

Communities throughout our region and across the nation have been gravely impacted by the Opioid epidemic. According to the Director of the Office of National Drug Control Policy, the latest estimates show that in 2017, more than 72,000 Americans died from drug overdoses, most involving opioids like prescription pain medications, heroin and illicitly made fentanyl. Substance abuse and addiction are at the root of so many challenges facing our society. There is no singular solution to this problem so we must continue to be innovative and we must invest more into prevention before treatment is necessary or before we lose more family members to overdose and death. Education and practical community-based solutions are the most effective way to educate communities about the dangers of substance abuse.

In 2008, the Oxy Task Force later renamed the Prescription Drug Abuse Task Force (PDATF) was established when representatives from local and federal agencies, including then District Attorney Bonnie Dumanis, Sheriff Bill Gore, along with concerned parents gathered to recognize the growing problem of prescription drug abuse throughout our region. Over the past 10 years, the PDATF has worked collaboratively to take a proactive, comprehensive, regional approach to stop the misuse and abuse of prescription drugs in San Diego County.

The PDATF is made up of 70 collaborative entities ranging from government agencies and law enforcement, to community partners and nonprofits. The Safe Homes Coalition - a San Diego based nonprofit and member of the PDATF - was founded in 2014 with the mission to reduce the stigma of drug addiction, educate families, and change behaviors around the safe use, storage, and proper disposal of prescription medications. Their Keep Kids Safe program was a very successful collaborative effort that began in North San Diego County, and was replicated in Boston, Seattle, Tampa and Cincinnati. Knowing the medicine cabinet of a home is often the source for prescription drug misuse, and built upon the unique and trusted relationship between real estate professionals and their customers, the initial Keep Kids Safe Program was launched in 2014 in partnership with the San Diego Association of Realtors to keep homes safe during planned open houses or showings. 10,000 resealable bags were distributed by local realtors to help educate homeowners on the importance of locking up medications when other people are in your home. With the endorsement of Sheriff Bill Gore and District Attorney Summer Stephan, the San Diego Association of Realtors and the support of many community partners, we have come together to launch an innovative and new Keep Kids Safe program for San Diego County.

Today's actions will authorize the Prescription Drug Abuse Task Force to continue to partner with the Safe Homes Coalition and support the collaborative efforts of the Keep Kids Safe program throughout San Diego County. Additionally, today's item will direct the Chief Administrative Officer to update the County of San Diego Prescription Drug Abuse Plan, developed in partnership with the PDATF and adopted by the Board of Supervisors on December 7, 2010, and return to the Board in March 2019 with a comprehensive updated plan for our region, addressing emerging issues such as fentanyl.

#### **RECOMMENDATION(S)**

##### **CHAIRWOMAN KRISTIN GASPAR**

1. Authorize the Prescription Drug Abuse Task Force to continue to partner with the Safe Homes Coalition and support the collaborative efforts of the Keep Kids Safe program throughout San Diego County.
2. Direct the Chief Administrative Officer to update the County of San Diego Prescription Drug Abuse Plan developed in partnership with the Prescription Drug Abuse Task Force and adopted by the Board of Supervisors on December 7, 2010, and return to the Board in March 2019 with a comprehensive updated plan for our region.

5. **SUBJECT: AUTHORIZATION TO APPLY FOR CALIFORNIA EMERGENCY SOLUTIONS AND HOUSING PROGRAM FUNDS, AND ADOPT A RESOLUTION TO ACCEPT AND ADMINISTER THESE FUNDS (DISTRICTS: ALL)**

#### **OVERVIEW**

The State of California recognizes the growing need to allocate significant investments to address the current homelessness crisis in California. The enacted FY 2018-19 State Budget includes \$53 million for the California Emergency Solutions and Housing Program, providing grants to local communities to develop programs that assist persons who are experiencing or are at risk of homelessness. The California Emergency Solutions and Housing Program funds will be distributed in two rounds. The first of two rounds will bring \$2,531,886 to San Diego County.

Over the past several years, the Board of Supervisors (Board) has made significant investments in outreach, treatment, and housing services to persons who are experiencing or are at risk of homelessness. In 2018, the Point-in-Time Count found nearly 8,570 individuals living on the streets or in shelters throughout San Diego County. Efforts including the \$25 million Innovative Housing Trust Fund, identifying excess County of San Diego (County) properties to build affordable housing, Whole Person Wellness, Project One for All, Stepping Up, the Board's recent actions to accept \$4.2 million for the Homeless Mentally Ill Outreach and Treatment Program, and pursuing funds from the Homeless Emergency Aid Program illustrate the County's commitment to ensure people who are homeless or at-risk of homelessness can become housed and sustain housing. Additional pursuit of funding to support these efforts will continue to build upon the significant work being done in the region.

Today's actions request the Board to authorize the Health and Human Services Agency (HHSA) to apply for California Emergency Solutions and Housing Program funds and adopt a resolution, as required by the State of California, authorizing the acceptance and administration of these funds on behalf of the San Diego region. Eligible uses for these funds include rental assistance, housing relocation, and stabilization services (homeless prevention); operating subsidies for new and existing affordable permanent housing units for individuals and/or families who are experiencing or are at risk of homelessness; flexible housing subsidy funds that assist individuals and families who are experiencing or are at risk of homelessness; operating support for emergency housing interventions; and systems support and planning activities for activities necessary to maintain a comprehensive homeless services and housing delivery system. Today's actions also request the Board authorize the procurement of related services to assist people that are experiencing or are at risk of homelessness.

These actions align with the County's *Live Well San Diego* vision by ensuring that vulnerable populations have assistance and support to access services to most appropriately meet their needs.

Today's recommendations are estimated to result in ongoing costs and one-time costs. The estimated fiscal impact is comprised of ongoing base and supplemental pay net increases, ongoing flex credit increases, and one-time monetary payments. The action before your Board today is anticipated to also result in a long-term cost reduction to the County's share of the retirement costs through the implementation of a new retirement tier, Tier D. The actual fiscal impact will not be immediate but will instead be determined based on the number of new members entering the system over time. The Tier D member contribution rates will be provided by SDCERA's actuary following future action by the Board of Supervisors to adopt a resolution establishing the new retirement tier.

The annual estimated fiscal impact is as follows:

<b>F (D+E)</b>	<b>Total Annual Cost</b>	<b>2.13</b>	<b>5.74</b>	<b>4.57</b>	<b>4.16</b>	<b>2.01</b>

If approved, funding to support today's recommendations will be included in the Fiscal Year 2018-19 First Quarter Operational Plan Status Report and Budget Adjustments if necessary. Subsequent year costs will be included in future Operational Plans. The funding source is a combination of General Purpose revenues, available General Fund fund balance, and various program revenues.
