You are invited to share your thoughts and suggestions at one of our community forums or through our online survey found here:
<https://www.sandiegocounty.gov/sdhcd/>

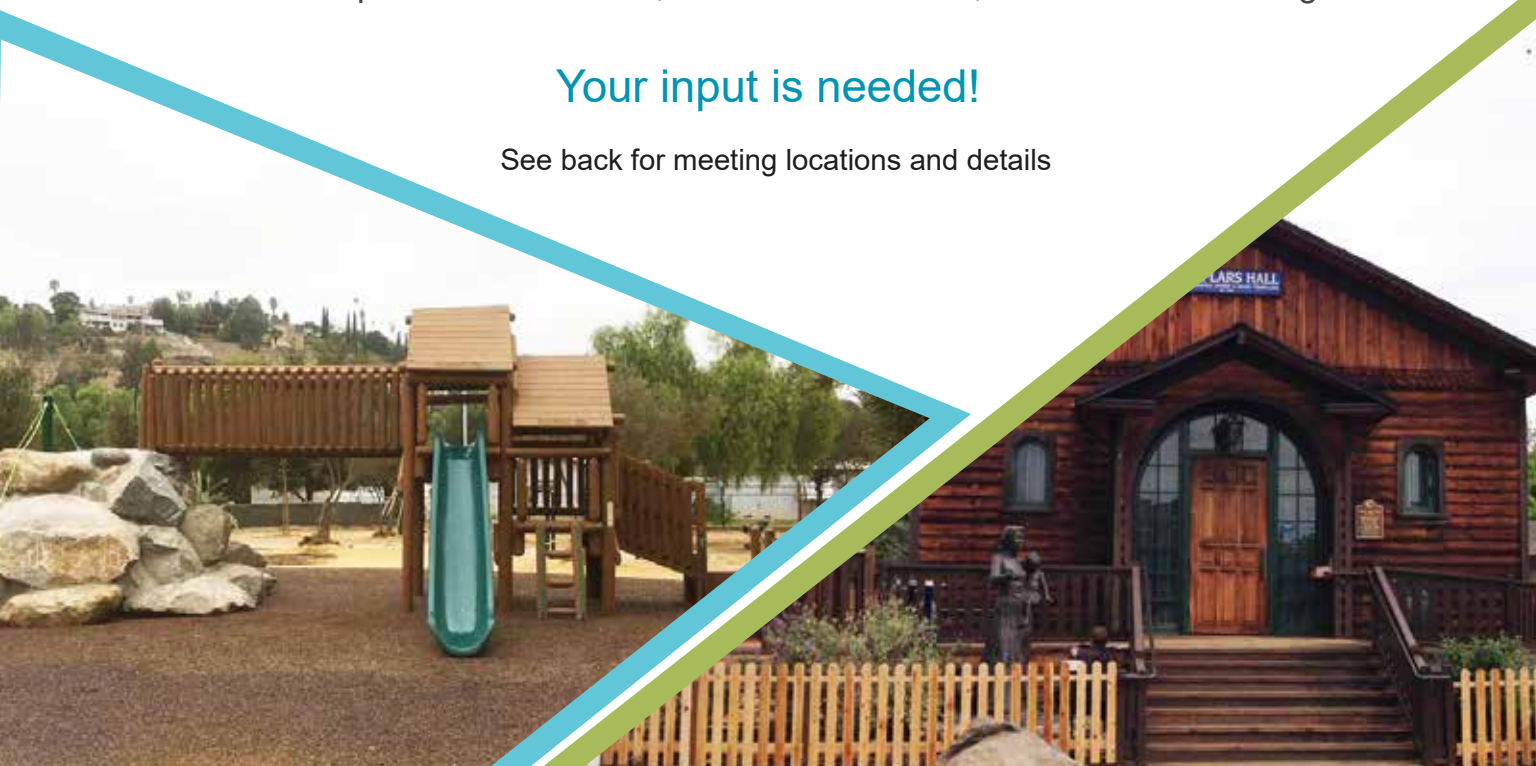

How would you invest homeless, housing and community development funding in your community?

The County of San Diego is working on its Consolidated Plan and we want to find out how the community wants their federal funding invested.

The County of San Diego receives millions of federal funding dollars to invest in low to moderate income communities each year through the Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME), Emergency Solutions Grant (ESG), and the Housing Opportunities for Persons with AIDS (HOPWA) programs. The County is looking for your input to learn how you would like to see the money invested; Libraries, public parks, homeless prevention services, services for seniors, or affordable housing?

Your input is needed!
