(DISTRICTS: ALL)**

OVERVIEW

The U.S. Department of Homeland Security provides funding to the California Governor’s Office of Emergency Services (Cal OES) through the Emergency Management Performance Grant Program and the Homeland Security Grant Program, which includes the State Homeland Security Program and the Urban Areas Security Initiative. The County of San Diego Office of Emergency Services (OES) is responsible for administering and distributing the State Homeland Security Grant Program funds in the county for prevention, preparedness and response efforts related to terrorism and other catastrophic events. On September 15, 2015 (Agenda Items 3 & 6, respectively), the Board of Supervisors authorized OES to apply for and accept Homeland Security Program Grants and Emergency Management Performance Grants in subsequent years. In 2019, OES submitted Fiscal Year 2019 applications to the California Governor's Office of Emergency Services for both the Homeland Security Grant Program and the Emergency Performance Grant Program. OES received a notification of award on September 26, 2019 for the Homeland Security Grant Program (\$3,508,792) and on October 22, 2019 for the Emergency Performance Grant Program (\$798,483). This is a request to adopt a governing body resolution for the Fiscal Year 2019 State Homeland Security Program and Emergency Management Performance Program Grants which will authorize the Deputy Chief Administrative Officer, Public Safety Group, or the Director or Assistant Director of the Office of Emergency Services to execute any actions necessary for the purposes of these grants.

COUNTY SERVICE AREA NO. 69; ADOPT A RESOLUTION BY THE
BOARD OF SUPERVISORS OF THE COUNTY OF SAN DIEGO
REQUESTING THE ANNEXATION OF TERRITORY TO COUNTY
SERVICE AREA NO. 69 AND AMENDMENT TO SPHERE OF
INFLUENCE OF COUNTY SERVICE AREA NO. 69 (DISTRICT: 2)**

OVERVIEW

Over the past decade, the San Diego Local Agency Formation Commission (LAFCO), which is responsible for jurisdictional changes in San Diego County, has worked with the San Diego County Board of Supervisors to consolidate fire protection and emergency medical services throughout the unincorporated areas. To ensure coverage of these services for all territory within the County of San Diego (County), the Board took action to reorganize selected fire service areas.

LAFCO approved the reorganization on the condition that the County also submit a proposal to annex 3,274 acres to CSA 69 to ensure ground ambulance coverage in the area. CSA 69, administered by the County's Health and Human Services Agency, is a special district established for the provision of ground ambulance transportation services in the City of Santee and the unincorporated East San Diego County communities of Pepper Drive, Bostonia, and Lakeside. The annexation of selected areas into CSA 69 ensures the fire district boundaries are the same as the ambulance district boundaries.

Today's action requests the Board to adopt a resolution of application to LAFCO to initiate proceedings to annex selected areas into CSA 69 for ground ambulance service and to amend the sphere of influence (a planning boundary used by LAFCO to determine the governmental district responsible for services) of CSA 69 to align with the boundaries of the Lakeside Fire Protection District in the area to be annexed.

This action supports the County's *Live Well San Diego* vision by ensuring the community has coverage of ground ambulance transportation services within CSA 69, facilitating a better healthcare delivery system.

GENERAL SERVICES - CEDAR/KETTNER SITE - APPROVAL OF A
99-YEAR GROUND LEASE FOR DEVELOPMENT OF COUNTY
PARCEL NUMBER 2014-0210-B AND COUNTY PARCEL NUMBER
2014-0210-C (DISTRICT: 4)**

OVERVIEW

On January 27, 2015 (6), the Board of Supervisors (Board) declared County Parcel Numbers 2014-0210-B and 2014-0210-C (collectively, the Ground Lease Site) surplus to the County of San Diego's (County) needs and authorized the Director, Department of General Services to issue a Request for Information for development of the two parcels. The Ground Lease Site is a portion of the County-owned property known as the Cedar/Kettner site located west of Kettner Boulevard and east of the Metropolitan Transit System light rail right-of-way between Cedar Street and Beech Street in downtown San Diego. An adjoining parcel (County Parcel Number 2014-0210-A) within the Cedar/Kettner site is improved with a County-owned parking structure.

On September 29, 2015 (13), the Board authorized the issuance of a Request for Statement of Qualifications (RFSQ) and a Request for Proposals (RFP) for the development of the Ground Lease Site. On June 21, 2016 (13) the Board received proposals from three development teams and authorized negotiations with selected proposers. Prior to selecting a proposer, the RFP was canceled. On February 14, 2017 (9), the Board authorized the issuance of a new RFSQ and RFP for the development of the Ground Lease Site. On October 10, 2017 (9), the Board received proposals from five development teams and authorized the negotiation of a ground lease for the development. A source selection committee evaluated the proposals and selected a proposal submitted by Kettner Joint Venture, LLC (Developer), a team consisting of Bridge Housing Corporation and Holland Acquisition Co., LLC. A Ground Lease has been negotiated with the Developer.

The proposed development on the Ground Lease Site is a 359-unit residential rental project (Project) consisting of two components: (1) approximately 63 senior affordable housing units with 5% of the affordable housing units dedicated to Seriously Mentally Ill (SMI) housing, one manager unit, underground parking, and 2,025-square-feet of office space (Affordable Component), and (2) approximately 295 market rate units, approximately 5,239-square-feet of commercial space, and underground parking (Market Rate Component). The proposed Project will also have defined development and easement rights within the adjacent parking structure parcel.

Today's action is a request for the Board to adopt an Ordinance authorizing a Ground Lease between the County and Developer for development of the Ground Lease Site with the proposed Project, and to take related actions as set forth below.

RECOMMENDATION(S)
CHIEF ADMINISTRATIVE OFFICER

1. Find that the Final Environmental Impact Report (EIR) for the Downtown/Centre City Community Plan, Centre City Planned District Ordinance, and 11th Amendment to the Centre City Redevelopment Plan, certified by the former Redevelopment Agency of the City of San Diego (Former Agency) and City Council on March 14, 2006 (Resolutions R-04001 and R-301265, respectively) and subsequent addenda to the Final EIR certified by the Former Agency on August 3, 2007 (Former Agency Resolution R-04193), April 21, 2010 (Former Agency Resolutions R-04508 and R-04510), August 3, 2010 (Former Agency Resolution R-04544) and certified by City Council on February 12, 2014 (Resolution R-308724) and July 14, 2014 (Resolution R-309115), as well as the Final Supplemental EIR for the Downtown San Diego Mobility Plan certified by the City Council on June 21, 2016 (Resolution R-310561) and Final EIR for the Climate Action Plan certified by the City Council on December 15, 2015 (Resolution R-310176) including the addendum to the CAP Final EIR certified by City Council on July 12, 2016 (collectively, the EIRs) were completed in compliance with the California Environmental Quality Act (CEQA) and State and City CEQA Guidelines; that the Board has reviewed and considered the information contained in the EIRs before authorizing the project; these previously certified EIRs have been deemed adequate for this purpose; and, no further environmental documentation or review is required.

Find that there are no changes in the project or in the circumstances under which it is undertaken that involve significant new environmental impacts which were not considered in the previously certified EIRs, there is no substantial increase in the severity of previously identified significant effects, and no new information of substantial importance has become available since the EIRs were certified, as explained in the Consistency Evaluation dated October 21, 2019, prepared pursuant to CEQA Guidelines Sections 15162 and 15168, and attached as Attachment C.

2. Find that the Ground Lease will help meet the housing needs of County residents and result in economic benefits to the County.
3. Find that the public benefit of leasing County Parcel Numbers 2014-0210-B and 2014-0210-C (Ground Lease Site) is expected to be greater than the public benefit which would result from the sale of the Ground Lease Site, and that a reasonable expectation exists that the future public need justifies retention of the fee ownership of the Ground Lease Site.
4. Adopt the following Ordinance after holding a public hearing as required by State of California Government Code Section 25515.2. **(4 VOTES)**

AN ORDINANCE AUTHORIZING A GROUND LEASE AGREEMENT BY AND BETWEEN THE COUNTY OF SAN DIEGO AND KETTNER JOINT VENTURE, LLC OR ITS AFFILIATE FOR LEASE AND DEVELOPMENT OF THE REAL PROPERTY LOCATED AT THE NORTHWEST CORNER OF KETTNER BOULEVARD AND WEST BEECH STREET IN THE CITY OF SAN DIEGO

5. Authorize the Clerk of the Board to publish the Ordinance in accordance with State of California Government Code section 25124.

6. Authorize the Director, Department of General Services, or designee(s), to execute the Ground Lease, with Kettner Joint Venture, LLC or its affiliates, and to execute the attachments to the Ground Lease and other documents necessary for implementation of the Ground Lease and the Project, including, without limitation, amendments to the Ground Lease and its attachments as authorized under the Ground Lease.
7. Authorize the Agency Director, Health and Human Services Agency, or designee, to execute the Regulatory Agreement and any amendment to the Regulatory Agreement.
8. Authorize the Director, Department of General Services, or designee, and the Agency Director, Health and Human Services Agency, or designee, to perform any actions in furtherance of, or necessary to, administer or implement the Ground Lease, including its attachments, and the Project.

FISCAL IMPACT

Funds associated with today’s recommendation are included in Fiscal Year 2019-20 Operational Plan in the Department of General Services, Facilities Management Internal Service Fund. If approved, this request will result in \$315,000 in costs and \$50,000 in overrealized revenues. The funding source is charges to client departments. Subsequent year costs to administer the lease will be reflected in future operational plans and will be offset by the lease payments. Subsequent year revenues which will be directed to the General Fund, Finance Other received per the lease are estimated to be \$50,000 annually through Fiscal Year 2022-23. In addition, a lease payment of \$2,433,308 will be received in Fiscal Year 2023-24 which will cover a three year period through Fiscal Year 2025-26. Subsequent to Fiscal Year 2025-26 the lease payments will range between \$31,000 to \$45,000 per month with annual escalators as identified in the agreement. There will be no additional staff years.

BUSINESS IMPACT STATEMENT

The potential development on County Parcel Numbers 2014-0210-B and 2014-0210-C (Ground Lease Site) under the Ground Lease could have a positive impact for the San Diego region as it could support the creation of construction related and permanent local employment opportunities.

12. SUBJECT: FLEXIBLE FUNDS FOR HOUSING PROGRAM (DISTRICTS: ALL)

OVERVIEW

In San Diego County and throughout California, housing options have failed to keep up with demand, leading to an affordable housing crisis and an unprecedented amount of people living on the streets. The San Diego region has experienced challenges in making significant headway in addressing this dilemma. Part of this issue is rooted in low vacancy rates, high costs of housing, and a lack of housing development for low income families.

In order to mitigate the current housing market forces, I am recommending that we create a Flexible Funds for Housing Program (also known as a “Flex Pool”) in partnership with key stakeholders to create the infrastructure to better utilize existing rental subsidies as well as support long-term rent through flexible funds for low income individuals, increase regional landlord engagement, promote innovative strategies to secure and lease up units in the private rental market.

The current rental market creates significant challenges for individuals in locating rental units that will accept vouchers or tenants without stellar credit, or work history. The Flex Pool could be a resource for providers working with people experiencing homelessness or at risk of becoming homeless, including seniors on fixed incomes, and foster youth aging out of the system, to better access and use a broad range of existing private rental market units. A Flex Pool could be paired with ancillary health and social services targeted at vulnerable populations that are homeless or housing insecure to improve outcomes. Fortunately, there are several current and future State and federal funding opportunities to address the homeless crisis that could be used for this very purpose that is earmarked for Continuum of Cares, which is the RTFH locally, and/or cities and counties.

Several community partners have conveyed interest in creating a regional housing flex pool, which is a best practice across the nation and often include a wide range of sources including government, healthcare, and private/philanthropic funding.

The Regional Task Force on the Homeless (RTFH) has already dedicated \$1.8 million of their state Homeless Emergency Aid Program (HEAP) funding for this purpose. The County of San Diego Health and Human Services Agency has received \$2.5 million in state funds through round one of the California Emergency Solutions and Housing (CESH) Program and flexible housing pool is an approved activity for these unspent funds. Additionally, the City of San Diego has indicated the creation of a Flex Pool within their newly adopted Homeless Action Plan. Lastly, there are private funders in San Diego who are also interested in potential participation.

As such, this creates a strategic opportunity for the County to explore teaming up with other interested parties to leverage our resources to help house vulnerable individuals. The time is right to leverage resources and interest through a collaborative process that will bring this useful tool to San Diego.

Today’s action will direct the Chief Administrative Officer to return to the Board of Supervisors within 90 days with a proposal to implement and fund a Flexible Funds for Housing Program, possibly in tandem with the Regional Task Force on the Homeless or other government entities.

If approved, today’s action would also amend the County’s legislative program to add support for the future funding of Flex Pools.

RECOMMENDATION(S)

14. SUBJECT: SUPPORT FOR H.R. 486 - CHICANO PARK PRESERVATION ACT (DISTRICTS: ALL)

OVERVIEW

Chicano Park is the heartbeat of Barrio Logan, San Diego's oldest Mexican-American neighborhood and the epicenter of San Diego's Mexican-American culture. It is associated with the Chicano Civil Rights Movement and events that made a significant contribution to San Diego's political and social history.

The site that became known as Chicano Park has been utilized by the Latino community as a place for social and political events, as well as a place for many other community celebrations. In January of 2017, the U.S. Secretary of the Interior designated Chicano Park as a National Historic Landmark, an affirmation of the site's national significance and its ability to illustrate U.S. heritage.

This past year, Congressman Juan Vargas introduced the Chicano Park Preservation Act of 2019 (H.R. 486). H.R. 486 authorizes the U.S. Secretary of the Interior to conduct a special resource study of Chicano Park and its murals to evaluate the site's national significance and study the suitability and feasibility of designating the site as an Affiliated Site of the National Park System.

Today's recommended actions direct the Chief Administrative Officer to draft a letter expressing this Board of Supervisors' support for H.R. 486 to San Diego County's legislative representatives in Washington, DC, and adds to the County's Legislative Program support for legislation that would designate San Diego's Chicano Park as an Affiliated Site of the National Park System.

17. SUBJECT: AWARD COMPETITIVE SOLICITATIONS FOR FORD MOTOR COMPANY PRODUCTS AND CONTINUE STANDARDIZATION OF FLEET VEHICLES (DISTRICTS: ALL)

OVERVIEW

On December 7, 1999 (6), the Board of Supervisors (Board) approved a program to standardize the makes, models, and types of vehicles acquired for use by various County of San Diego (County) departments. The Board authorized the Director of the Department of Purchasing and Contracting to issue an all-inclusive, multiple manufacturer bid for the acquisition of Sheriff Patrol Sedans, Standard Fleet Sedans, and Light Trucks and Vans for a five-year period. Based on competitive bids received, the County elected to standardize its fleet on Ford Motor Company (Ford) products. The Board approved the continued standardization on Ford products for the last 20 years.

Standardization has created expertise, increased productivity, and added significant value for the County. Twenty years of Ford manufacturer experience has resulted in the County being viewed as experts in the field including contributions to technical and national safety bulletins distributed to all Ford clients across the state and nation and in 2018 Fleet received authorization to perform warranty repairs for Ford. Fleet technician training and experience on Ford products has also resulted in increased productivity valued at \$675,000 annually and bulk purchasing discounts of Ford products has resulted in an average savings of \$822,500 annually.

County Fleet leverages purchases through competition amongst numerous southern California Ford dealers and vendors for the 76% of the fleet that is standardized, as well as purchases from multiple vehicle manufacturers for the 24% of vehicles that are not standardized. To expand the County's competitive leverage further, the County recently participated in a competitive vehicle procurement with four of the largest southern California counties, led by Riverside, to obtain discounts through bulk orders.

Today's requested action is for the Board to approve and authorize the Director, Department of Purchasing and Contracting, in accordance with Board Policy A-87, Competitive Procurement, to specify Ford Motor Company products in competitive procurements as part of the Fleet Management standardization program for an additional five years.

RECOMMENDATION(S)

CHIEF ADMINISTRATIVE OFFICER

1. Find that the proposed action to continue standardization on Ford Motor Company products for an additional five years is categorically exempt from environmental review in accordance with Section 15060(c)(3) of the California Environmental Quality Act Guidelines because it is not a project as defined by Section 15378.
2. In accordance with Board Policy A-87, Competitive Procurement, approve and authorize the Director, Department of Purchasing and Contracting to specify Ford Motor Company products in competitive procurements as part of the Fleet Management standardization program for an additional five years.

FISCAL IMPACT

If approved, this request will result in estimated annual expenditures of approximately \$14,000,000 for Ford Motor vehicle acquisition beginning in Fiscal Year 2020-21 and continuing for a period of five years, which will be included in future Operational Plans for the Department of General Services. The funding source will be the Fleet Internal Service Fund. There will be no change in staff years.

BUSINESS IMPACT STATEMENT

Expenditures resulting from this action would create private sector jobs and economic activities in San Diego County. Issuance of competitive solicitations for Ford Motor Company products provide jobs for local employees and dealerships.

(DISTRICTS: ALL)**

OVERVIEW

On October 15, 2019 (18), the Board of Supervisors introduced the Ordinance for further Board consideration and adoption on November 19, 2019.

The Assessor/Recorder/County Clerk (ARCC) reviewed Recorder and County Clerk (Recorder/County Clerk) fees to determine whether the full cost of its services provided are recovered as required under Board of Supervisors Policy B-29 “Fees, Grants, Revenue Contracts - Department Responsibility for Cost Recovery” (Board Policy B-29) and as authorized under various State statutes. Submitted for your Board’s consideration is the adoption of a proposed ordinance amending and adding sections to the San Diego County Code of Administrative Ordinances (Administrative Code) for fees for services provided by the Recorder/County Clerk. The proposed ordinance adjusts certain existing fees, establishes new standard time and material rates for unspecified services performed, and repeals fees for services no longer provided. In addition, it places other pre-existing fees previously adopted by resolution and fees set by statute or a State agency in the Administrative Code for ease of public reference.

The proposed action will result in an increase in 18 fees, a decrease in 7 fees, an addition of 2 fees for time and material rates, a repeal of 16 fees, places various pre-existing fees in the Administrative Code, and makes other non-substantive changes to existing Administrative Code provisions regarding Recorder/County Clerk fees.

The Recorder/County Clerk has also taken action to identify ways to reduce the overall cost of the department. Through department-wide initiatives, the Recorder/County Clerk has improved its business processes by allowing the submission of documents through electronic recording, allowing the public to schedule their marriage appointments online, and modernizing aging systems and procedures.

The Auditor and Controller has reviewed and approved the supporting documentation and methodology for fees adjusted in this proposal.

If approved, the proposed changes will take effect on January 1, 2020.
