General Information

The information in this user guide is intended to aid users in how to file the annual electronic Verification Questionnaire (eVQ) administered by the California Department of Toxic Substances Control (DTSC). For best results read each section.

Background Information

Anyone who generates, transports, offers for transport, treats, stores or disposes of hazardous waste must have a hazardous waste Identification (ID) number, which is used to identify the hazardous waste handler and track the hazardous waste from the point of origin to its final disposal (cradle to grave). The purpose of the annual ID Number Verification Questionnaire is to ensure the accuracy of the information associated with the ID number and assess the ID number verification and hazardous waste manifest fees.

The annual Verification Questionnaire is required by the California Health and Safety Code sections [25205.15](#) and [25205.16](#). Any hazardous waste handler who is required to file the Verification Questionnaire and fails to do so shall be subject to the suspension of any and all ID numbers assigned to them and to any other enforcement action pursuant to the [California Health and Safety Code section 25205.16\(c\)](#).

Typically, the annual Verification Questionnaire report cycle opens in the month of July. The questionnaire is due 30 days from when the handler receives the first notification. When the Verification Questionnaire report cycle opens, an email notification is sent to the primary and alternate contacts listed on the eVQ account. For hazardous waste handlers with newly issued ID numbers who are filing the Verification Questionnaire for the first time, the notification will be sent to the email associated with the ID number. Paper notifications are only mailed to handlers who do not have an email associated with their ID number.

Help Resource

If after reading this user guide you still require assistance on how to file the Verification Questionnaire or questions related to the questionnaire, contact 1-877-454-4012 or email eVQ@dtsc.ca.gov. Due to the high volume of emails received when the report cycle opens, we recommend you call us for immediate assistance.

Who Must File

Hazardous waste handlers that meet any of the following conditions are required to file the 2021 Verification Questionnaire:

- You or your company had/have an EPA ID number with an active status at any time during the previous fiscal year from July 1, 2020 to June 30, 2021.
- You or your company shipped hazardous waste using an assigned EPA ID number during the 2020 calendar year.

Temporary ID Numbers. If you or your company had a temporary ID number (identified by a lettered prefix of CAC or CAP) you may be exempt from filing the 2021 Verification Questionnaire if you or your company meet any of the following conditions below:

- You are a homeowner with a one-time cleanup of hazardous waste with four or fewer manifests reported in the 2020 calendar year.
- Your company did not have a *permanent* ID number during the reporting period of July 1, 2020 – June 30, 2021 and no manifests were reported on the *temporary* ID number.
- Your company has 100 or fewer employees and only one *temporary* ID number with four or fewer manifests reported in the 2020 calendar year.

If you or your company met one of the exemption conditions, email eVQ@dtsc.ca.gov with your temporary ID number and the reason you are exempt. We will review your record.

How to File

The annual Verification Questionnaire is filed electronically through the electronic Verification Questionnaire (eVQ) System located at evq.dtsc.ca.gov. The eVQ System provides a fast and convenient way for hazardous waste handlers to file their questionnaires. To streamline the Verification Questionnaire process and reduce our carbon footprint, DTSC no longer mails paper Verification Questionnaires. However, if you do not have internet or computer access, contact us at 1-877-454-4012 for assistance.

Electronic Verification Questionnaire Home Page

To access the electronic Verification Questionnaire (eVQ) home page, enter the URL evq.dtsc.ca.gov into your web browser. You can perform the following functions on the eVQ home page:

- Log in to your eVQ account
- Register for an eVQ account
- Check the status of your ID number
- Visit the “Popular Links” (located at the bottom of the page)

Register eVQ Account

If you do not have an eVQ account, to register for one, click on the “Register” button.

After clicking the “Register” button, you will be directed to the screen below. Enter the EPA ID number that you would like to be associated with the account in the first field. An EPA ID number is 12 characters long and begins with a lettered prefix of “CA”. You must enter the entire EPA ID number, including all the letters and numbers. You may add multiple EPA ID numbers to the same eVQ account if the ID numbers share the same Federal Employer Identification Number (FEIN). If the ID numbers have different FEINs, register separate accounts for each ID number with a different FEIN. Each account must have a unique username, but may share the same email address.

The image shows the "Create an eVQ Account" form. At the top left is a checkmark icon and the text "Create an eVQ Account". Below this is a red asterisk and the text "* denotes a required field". A paragraph of instructions follows: "Please enter your EPA ID number, including the letter prefix. If you have multiple EPA ID numbers, enter one of the EPA ID numbers to create the user account, then add the remaining ID numbers. Each EPA ID number must be valid and not already associated with another user account in order for it to be successfully added." Below the instructions is a form field labeled "EPA ID Number*" with the placeholder text "Enter EPA ID number" and an "Add" button. This field is circled in red. Below the form field is a section titled "List of EPA ID numbers to be associated with this login user's account (Total Added=0)" with a scrollable list area. At the bottom left of the form is a button labeled "Remove EPA ID Number From List".

Error Message After Entering ID Number. If you receive an error message after entering an ID number, follow the appropriate steps below based on the type of error message.

Error: Your EPA ID number is linked to an eVQ account. Please email eVQ@dtsc.ca.gov or call 1-877-454-4012 for further assistance.

- Check if you already have an existing eVQ account by doing the following:
 - Go to the eVQ home page by selecting the eVQ home tab. Click the “Forgot Password?”, then click on the “Forgot Username?” link. Enter your email address. If you already have an existing account, your username will be emailed to you, then you can proceed with resetting the password using your username.

- Your email address must be listed as either the primary or alternate email on the account in order for you to recover the username. Contact us if you cannot recover the username using your email.

Error: Invalid or inactive ID number. Please check the ID number and try again.

- Verify and re-enter the ID number, including the lettered prefix. There is no space between the lettered prefix and numbers.
- If you receive the same error message after verifying and re-entering the ID number, call 1-877-454-4012 or email eVQ@dtsc.ca.gov for assistance.

Error: EPA ID number does not exist in our HWTS System, is inactive or is not part of the eVQ extract. Please check the number and try again.

- Verify and re-enter the ID number.
- If you receive the same error message after verifying and/or re-entering the ID number, call 1-877-454-4012 or email eVQ@dtsc.ca.gov for assistance.

ID Number Accepted. When you have entered a valid ID number, the ID number and company will populate so that it can be associated with your account.

Create an eVQ Account

* denotes a required field

Please enter your EPA ID number, including the letter prefix. If you have multiple EPA ID numbers, enter one of the EPA ID numbers to create the user account, then add the remaining ID numbers. Each EPA ID number must be valid and not already associated with another user account in order for it to be successfully added.

Main Menu

When you log into your eVQ account, you will see the menu below. The Verification Questionnaire consists of five steps. To get started, click on “Step 1: Contact Information”.

☰ ID NUMBER VERIFICATION QUESTIONNAIRE (VQ) AND FEES ASSESSMENT

Your 2021 verification status is: **Not Started**

Go through the steps below to complete your ID Number verification and fees assessment.

✔ Step 1: Contact Information	Verify Contact Information
✔ Step 2: Company Information	Verify Company and Owner Information
✔ Step 3: EPA ID Number and Manifest Verification	Add or Remove EPA ID, Verify ID Number and Manifest Counts, Inactivate or Reactivate EPA ID
✔ Step 4: Fees Assessment	Enter Employee and ID Number Count, Calculate ID Number Verification and Manifest Fees
✔ Step 5: Fee Summary and Certification	Review Fees, Sign Questionnaire
✔ Invoice and VQ Summary	Print Invoice, Payment Information, Take Survey

Step 1: Contact Information

Verify your general company and contact information and make any necessary changes. After you have finished verifying, click “Save & Go to Step 2”.

Your 2021 verification status is: **In Progress**

For help, please open the instructions document: [Instructions](#) (PDF, 88KB)

[Back to VQ Menu](#)

Step 1: Contact Information

Verify your general company and contact information below and make any necessary changes, then continue to Step 2.

* denotes a required field

General Company Information:

Company Name *	CARL INC
FEIN ?	999999999
SIC Code ?	0000

Contact Information:

Contact Name *	John Doe
Contact Title *	Owner

Alt Contact Phone	(916) 555-5555

[Save and Go to Step 2](#)

Federal Employer Identification Number (FEIN). The Federal Employer Identification Number, also known as an Employer Identification Number (EIN) is used to identify a business entity and is usually written in this format XX-XXXXXXX. If you are a sole proprietor and do not have a FEIN, leave this field blank.

Standard Industrial Classification (SIC) Code. The SIC Code is a four-digit number that describes your company’s primary business activity. If your eVQ account contains facilities that have different SIC Codes, enter the code that best describes your company’s primary activities.

Contact Information. Verify the contact information for the person responsible for the ID number(s) in the account. Make any updates if necessary. The contact listed here is the primary contact on the account. Notifications concerning the Verification Questionnaire are sent to the contact's email address.

Alternate Contact Information: Verify the alternate contact information. Notifications concerning the Verification Questionnaire are sent to the alternate contact’s email address.

Step 2: Company Information

Verify your company mailing and owner information and make any necessary changes. After you have finished verifying, click “Save & Go to Step 3”.

Your 2021 verification status is: **In Progress**

[Back to VQ Menu](#) | [Step 1](#)

Step 2: Company Information

Verify your company's mailing and owner information below and make any necessary changes, then continue to Step 3.

Save and Go to Step 3

Company Name and Owner Name. The company and owner names are grayed out in this step because it cannot be changed here. To update the company name and/or the owner name, visit DTSC's web page titled [“Update Information for a Hazardous Waste EPA ID Number”](#).

Step 3: EPA ID Number and Hazardous Waste Manifest Verification

Verify your EPA ID number(s) and hazardous waste manifest counts. Although the manifest counts are prepopulated in this step based on the manifest data from DTSC's records, you must verify the counts against your own records and make any corrections necessary. When you have finished verifying, click "Save and Go to Step 4".

Your 2021 verification status is: **In Progress** For help, please open the instructions document: [Instructions](#) (PDF; 88KB).

Back to [VO Menu](#) | [Step 1](#) | [Step 2](#)

Step 3: EPA ID Number and Hazardous Waste Manifest Verification

Please verify the information below against your company's records. **The manifest counts are preliminary counts. If you find a discrepancy, please make the necessary correction.**

- Your hazardous waste manifests reported to DTSC for the 2020 calendar year (January 1, 2020 – December 31, 2020).
- Your EPA ID number(s) that was/were active anytime during the 2020/2021 fiscal year (July 1, 2020 – June 30, 2021).

For the purpose of this verification questionnaire, the manifest counts are only for hazardous waste that was tracked on a [Uniform Hazardous Waste Manifest \(EPA 8700-22\)](#).

Total EPA IDs: 2 Record(s) 10

[Add EPA ID](#) 5 [Excel](#)

To add ID numbers to your account, you'll search by the EPA ID or the Federal Tax Identification Number (FEIN). Only EPA ID numbers that share the same FEIN can be added to your account.

Search By:

Select...

EPA ID 4	Site Location	Recycled 1	Non-Recycled 2	Air Solvents 3	Total Manifests	Function
1. CAL000271809 Inactive ID as of 03/13/2020 <input type="checkbox"/> Reactivate 7	CARL INC 9740 OLSON DR SAN DIEGO, CA 92121 CDTFA Number: <input type="text"/> 11	1	5	0	6	<input type="button" value="Save Changes"/> 9 <input type="button" value="Remove"/> 6
2. CAL000411002 <input type="checkbox"/> Inactivate (not in use as of June 30): 8	CARL INC 1001 I ST SACRAMENTO, CA 95814 CDTFA Number: <input type="text"/>	2	3	0	5	<input type="button" value="Save Changes"/> <input type="button" value="Remove"/>

Manifest Information: For the purpose of this questionnaire, you are only reporting hazardous waste tracked on a [Uniform Hazardous Waste Manifest](#), the shipping document that tracks hazardous waste from the point of generation, through transportation, to the final treatment, storage and disposal facility (TSDF). You are reporting the number of manifests your company had during the 2020 calendar year, not the amount of waste on the manifest. Consultants and hazardous waste transporters may prepare the Uniform Hazardous Waste Manifest for a generator as part of their services, but the generator or ID number holder is responsible for the content on the manifest and the hazardous waste manifest fees assessed by the Verification Questionnaire.

Recycled (Form Field) #1. A manifest is counted as recycled when *all* the wastes listed on the manifest have been recycled. To determine if the hazardous waste on a manifest was recycled, look at box 19 of the respective Uniform Hazardous Waste Manifest. The hazardous waste disposal facility lists the hazardous waste report management method codes in box 19. The recycled codes are H010, H020, H039, H050 or H061.

Non-Recycled (Form Field) #2. A manifest is counted as non-recycled when the management method code listed in box 19 of the respective Uniform Hazardous Waste Manifest is a non-recycled code. Non-recycled codes include any codes, except the ones listed as recycled above.

Air Solvents (Form Field) #3. This count pertains to manifests used solely for hazardous waste derived from air compliance solvents that is not recycled. You can find a list of certified clean air solvents on the [South Coast Air Quality Management District's website](#). You must use your internal records to identify manifests used solely for waste derived from air compliance solvents. Contact your hazardous waste transporter or hazardous waste disposal facility for more information.

Manifest Details #4. To view the manifest details, click on the respective ID number you want to view. The manifest details page provides the manifest tracking number, manifest type (recycled or non-recycled waste), shipment date and receipt date of hazardous waste manifests of all the 2020 manifests in DTSC's records. If any manifests are missing from the list, correct the count to reflect your records.

Add EPA ID (Button) #5. You may add ID numbers to your account by searching by the ID number or the Federal Employer Identification Number (FEIN). If the ID number or ID numbers associated with the FEIN are found, you'll be directed to a search results page where you'll be able to add the ID number by clicking on the "Add EPA ID" button on the record.

Note: You can only add ID numbers that share the same FEIN as the ID number(s) currently in your account. If the ID number you are trying to add does not share the same FEIN as the other number(s) in your account, register a separate eVQ account for the ID number(s).

Remove (Button) #6. You may remove ID numbers from your account; however, before you do so, verify that you are not responsible for filing the respective ID number and that it does not belong in your account or to your company. Removing the ID number *does not* inactivate the ID number; it just removes it from your account. If you would like to inactivate an ID number, read the "Inactivate" section on this same page.

Reactivate (Checkbox) #7. If your ID number is currently *inactive*, the checkbox will read "Reactivate". To reactivate an ID number, click the "Reactivate" checkbox, then click the "Save Changes" button. Any fees owed must be paid first, then posted by DTSC's Accounting Unit before the ID number will be reactivated. DTSC's Accounting Unit may take up to 2-6 weeks to post a fee payment.

Inactivate (Checkbox) #8: If your ID number is currently *active*, the checkbox located beneath the ID number will read "Inactivate". To inactivate an ID number, select the "Inactivate" checkbox, then click the green "Save Changes" button. The inactivate date is backdated to June 30, not the date that you elected to inactivate the ID number. If you plan to have hazardous waste picked up after June 30 using your assigned ID number, do not inactivate the ID number through the eVQ System. Read the note on the next page.

Note: If your company plans to continue operating or shipping hazardous waste using your assigned ID number after June 30, 2020, do not select the “Inactivate” checkbox at this time. Inactivate your ID number when the company ceases operating by submitting one of the following:

- For permanent State ID numbers, submit the [Permanent State ID Number Application \(DTSC Form 1358\)](#).
- For permanent federal EPA ID numbers, submit the [RCRA Subtitle C Site Identification Form \(EPA 8700-12\)](#) by paper or electronically (recommended) through the [RCRAInfo System](#).

For permanent State *or* federal EPA ID numbers, you may submit a [letter of inactivation](#) in place of one of the forms above.

Save Changes (Button) #9. If you make any changes to a record, such as changes to the manifest counts, reactivate or inactivate a respective ID number, you must click the green “Save Changes” button on that record, so that the changes will be applied.

Excel (Button) #10. You can export the list of ID numbers with the manifest counts to an Excel spreadsheet, but the spreadsheet cannot be used to make edits to the questionnaire.

CDTFA Number (Form Field) #11. The California Department of Tax and Fee Administration (CDTFA) number also known as the hazardous waste generator fee account number, formerly known as the Board of Equalization (BOE) number, applies to every person or business who generates five or more tons of hazardous waste at a site in California within a calendar year. This includes recycled waste, treated wood waste, and waste sent outside California for disposal. If the CDTFA number does not pertain to you, leave this field blank. If you need a CDTFA number, visit [CDTFA's web page](#) or call 1-800-400-7115 for more information. Do not delay filing the Verification Questionnaire while you wait for a CDTFA number. Proceed with filing your Verification Questionnaire and contact us when you have received your CDTFA number.

Step 4: Fees Assessment

In this step the following two fees are being assessed:

- **ID Number Verification Fee.** This fee is based on ID numbers with active status at any time during the Fiscal Year (FY) 2020/2021 (July 1, 2020 – June 30, 2021).
- **Hazardous Waste Manifest Fee.** This fee is based on hazardous waste shipped during the Calendar Year (CY) 2020 (January 1 – December 31, 2020).

Your 2021 verification status is: **In Progress** Foi

[Back to VQ Menu](#) | [Step 1](#) | [Step 2](#) | [Step 3](#)

Step 4: Fees Assessment

EPA ID NUMBER VERIFICATION FEE (July 1, 2020 - June 30, 2021)

How many total employees do you have in California? [Learn More](#)

Total permanent EPA ID numbers on record: [Learn More](#)

EPA ID Numbers that should be excluded: [Learn More](#)

Other EPA IDs (Temporary and Out of State): [Learn More](#)

HAZARDOUS WASTE MANIFEST FEE (January 1, 2020 to December 31, 2020)

Manifest Fees Summary: [Learn More](#)

	Count	Rate	Amount
Recycled	3	\$0.00	\$0.00
Non-Recycled	8	\$7.50	\$60.00
NRAC Solvents	0	\$3.50	\$0.00
Total	11		\$60.00

Manifest Credit: [Learn More](#)

Less Manifest Credit:	\$0.00
Manifest Credited For:	

Hazardous Waste ID Number Verification Fee Structure

Number of Employees	1 – 49	50 – 74	75 – 99	100 – 249	250 – 499	500 or more
ID Number Verification Fee	No Fee - \$0	\$150	\$175	\$200	\$225	\$250

Number of Employees: Enter the total number of individuals employed by your company or organization throughout California during the 2020 calendar year, include employees who worked 500 hours or more and employees that worked at locations that did not generate hazardous waste.

Note: For companies with multiple ID numbers with separate eVQ accounts handled by the respective location. If you are filing the Verification Questionnaire for your site location only, and other colleagues are filing for their respective site locations, each site will still count all employees at all the site locations in California. For example, if ABC Company has two ID numbers for two of their locations in California. Location A has 20 employees and location B has 50 employees. When the designee at location A files the Verification Questionnaire, they will enter 70 for their employee count. When the designee for location B files their Verification Questionnaire, they will also enter 70 for their employee count.

Total Permanent EPA ID Numbers on Record

This number defaults to the number of ID numbers listed in Step 3, excluding temporary ID numbers (identified by a prefix of CAC or CAP) and out-of-state ID numbers. If your company has inactivated any ID numbers between January 1 – June 30, 2020, the numbers will need to be reported in the questionnaire only if there were hazardous waste manifests shipped under the ID number during the 2020 calendar year. For example, if your company inactivated an ID number on May 10, 2020 (FY-based), and hazardous waste manifests were shipped under that ID number in February 2020 (CY-based), your company is only required to pay the hazardous waste manifest fees on the ID number.

EPA ID Numbers That Should Be Excluded. The only EPA ID numbers that qualify to be excluded are permanent EPA IDs with an inactive date between January 1-June 30, 2020. EPA ID numbers with inactive dates from January 1-June 30, 2020 are included in the count above (total permanent EPA ID numbers on record) for the purpose of calculating manifest fees. However, you can exclude the EPA ID number in this count, so that it will *not* be assessed the ID number verification fee since it was inactivated before July 1, 2020.

Other EPA IDs (Temporary and Out of State)

Enter the total number of temporary ID numbers (identified by a lettered prefix of CAC or CAP) active at any time during the fiscal year July 1, 2020 – June 30, 2021 and out of state ID numbers that were used on a Uniform Hazardous Waste Manifest in California during the 2020 calendar year.

Hazardous Waste Manifest Fee Structure

Type of Hazardous Waste	Fee
Recycled	No Fee
Non-Recycled	\$7.50
Air Compliance Solvents	\$3.50

Hazardous Waste Manifest Fees. The [California Health and Safety Code section 25205.15](#) authorizes DTSC to assess a fee of \$7.50 for each manifest used, except for manifests used solely for recycled waste, which are fee-exempt. The fee for a manifest that is used solely for hazardous waste derived from non-recycled air compliance solvents (NRACS) is \$3.50. Persons who erroneously report this type of waste or recycled waste on a manifest that is actually used for transportation of other types of waste will pay the \$7.50 manifest fee.

Manifest Credits: The first four non-recycled manifests used in a calendar year by a business with 99 or fewer employees are free, provided that a copy of the manifest was sent to DTSC or submitted in the e-Manifest System in a timely manner. This credit applies per company, not per ID number. The manifest tracking numbers that have been credited will be displayed in Step 5. If you did not

receive credit for a manifest that you believe you should have received credit for, email eVQ@dtsc.ca.gov with a copy of the manifest.

Step 5: Fee Summary and Certification

Review your fees by clicking the “Fee Summary” button. If you need to make any changes to information on a previous screen, you can do so by going to the VQ menu (located on the upper left hand corner of the page) and clicking on the respective step you would like to access.

To certify the Verification Questionnaire, enter your name and title, then click the “Save and Flag as Completed” button. When the questionnaire has been successfully filed, the primary email listed on the account will receive the email confirmation. **You will not be able to go back to Steps 1-5 after you have saved and flagged your Verification Questionnaire as completed. If you need to access one of the five steps after you have flagged the questionnaire as completed, contact 1-877-454-4012 to have a DTSC staff member reset the steps for you.**

Note: If you do not click the “Save and Flag as Completed” button, the questionnaire will not appear as completed in DTSC’s record.

Your 2021 verification status is: **In Progress**

For help, please open the instructions document: [Instructions](#) (PDF; 88KB).

[Back to VQ Menu](#) | [Step 1](#) | [Step 2](#) | [Step 3](#) | [Step 4](#)

Step 5: Fee Summary and Certification

Select Fee Summary to review your total ID Number and Manifest fees. To complete the Verification Questionnaire, please enter your name and title to certify the information provided is true and correct.

[Fee Summary](#)

EPA ID Number Verification Fee

Air Compliance Solvents	0	\$3.50	\$0.00
Recycled	3	\$0.00	\$0.00
Non Recycled	8	\$7.50	\$60.00
Manifest Credit			\$0.00
Total			\$60.00

EPA ID Number Verification Fee: \$200.00
 Hazardous Waste Manifest Fee: \$60.00
Total Due: \$260.00

Payment by Check. Print the invoice and mail it along with your check to DTSC. We recommend you retain a copy of your check and invoice for your records.

Payment by Credit Card. Click on the “Submit Credit Card Payment” button to pay online using a credit card. You do not need to submit the invoice to DTSC if you are paying by credit card. We recommend you retain a copy of the receipt for your records.

No Fees Owed. You do not need to mail the invoice if you do not owe any fees. We recommend you retain a copy of your invoice for your records.

Note: A filed Verification Questionnaire with unpaid fees does not prevent an ID number from being inactivated. Any fees owed must be paid in order for an ID number to remain active.

Important Information Regarding eVQ Access

Access to the eVQ System is limited to the current VQ cycle only. We recommend you keep a copy of your submission for your records as you will not be able to access the questionnaire once the report cycle ends.

Forgot Username or Password

If you have forgotten your username and/or password, you can recover your username and/or reset your password by going to the eVQ home page and clicking on the “Forgot Password?” button.

After clicking on the “Forgot Password?” button, you will be directed to the screen below. If you know your username, enter it in along with your email address. If you do not know your username, click on the “Forgot Username?” link. Your email address must be associated with the eVQ account as either the primary or alternate contact email to reset the password or recover the username. If you are the new contact on the account, read the note on the next page.
