

IMPROVE YOUR SCHOOL'S PERFORMANCE

In California today...

54% of kindergarteners and over **73%** of third graders have had tooth decay

Students miss **874,000 DAYS** each year due to dental problems

California Oral Health Plan 2018-2028, January 2018

Sign Up for No-Cost Services for Your School

Oral Health Education:

- Interactive presentations
- Tailored to Kindergarten, 3rd grade, and 5th grade students
- For parents of students of all ages
- Provided to district staff, teachers, and school health staff

Oral Health Prevention:

- Assistance with Kindergarten Oral Health Assessments (required by law)
- Onsite oral health assessments for 3rd and 5th grade students
- Onsite fluoride varnish applications
- Referrals for dental sealants and help students find a dental home
