

SDSU CEAL HEALTHY LONGEVITY WEBINAR SERIES

FINDING WISHES IN YOUR COMMUNITY WITH AARP WISH OF A LIFETIME

Wish of a Lifetime from AARP is transforming the way society views and values older generations by fulfilling their dreams and sharing their stories.

Discover how you can be part of their mission and make a meaningful impact in the lives of older adults. In this webinar, special guest speaker Jared Bloomfield, National Field Director, will share inspiring stories from nearly 3,000 wishes granted.

Learn how you can identify and submit wishes from your community, and be inspired by the profound impact these wishes have had on recipients, their families, and the broader community.

With each wish granted, older adults across the country are reconnected with their communities, passions, and loved ones, helping them live more vibrant and purposeful lives.

**OCTOBER 16, 2024
3:00 PM – 3:45 PM (PST)**
