

Southern Caregiver Resource Center
Caring for those who care for others

UNDERSTANDING HUNTINGTON'S DISEASE: CAREGIVING AND SUPPORT

**Did you know that
Huntington's disease is a
progressive, inherited
disorder that affects the
brain?**

**Join us virtually as we learn about Huntington's
disease and its progression, explore the unique
challenges caregivers face when caring for
someone with Huntington's disease, and evaluate
ways in which to be better prepared as a
caregiver.**

● LIVE

**Wednesday, March 19th
1:00 p. m. - 2:00 p. m. PST**
