

Call for Internship Opportunities:

Partner
with Us!

CSUSM Department of Public Health is seeking community partners to provide meaningful internship opportunities for public health students.

By partnering with us, you can:

- Empower the next generation of public health professionals.
- Gain fresh perspectives and innovative ideas for your organization.
- Contribute to improving the health and well-being of our community.

What We're Looking For:

- Organizations that need support building capacity in health program development, outreach, research, grant writing, health education, wellness, and more.
- Mentors willing to guide and support students during their internship experience.
- Opportunities that align with public health goals: promoting health equity and health education, protecting and preventing.

Why Partner With Us?

- You'll help shape competent professionals who will contribute their knowledge, skills, and enthusiasm to real-world public health projects.
- Our internship program is designed to support the unique needs of community organizations and ensure a mutually beneficial experience.
- Partners gain recognition for their role in shaping the future of public health.

Join Us in Making a Difference!

Let us know how we can work together to meet your organizational needs while providing students with valuable hands-on experience.

Next Steps: Please complete our quick Internship Needs Survey. This will help us understand your needs and identify opportunities for collaboration.
