**ASSISTANCE FOR PERSONS WITH DISABILITIES:**

Agendas and records are available in alternative formats upon request. Contact the Clerk of the Board of Supervisors office at 619-531-5434 with questions or to request a disability-related accommodation. Individuals requiring sign language interpreters should contact the Countywide ADA Title II Coordinator at (619) 531-4908. To the extent reasonably possible, requests for accommodation or assistance should be submitted at least 72 hours in advance of the meeting so that arrangements may be made. An area in the front of the room is designated for individuals requiring the use of wheelchair or other accessible devices.

#### LANGUAGE INTERPRETATION ASSISTANCE:

Language interpretation services for public speakers are available upon request to the Clerk of the Board of Supervisors at least 72 hours prior to the meeting (refer to Board Policy A-139 for additional information). Please contact the Clerk of the Board's office at (619) 531-5434 or via e-mail at [publiccomment@sdcounty.ca.gov](mailto:publiccomment@sdcounty.ca.gov).

#### LEVINE ACT NOTICE: DISCLOSURES REQUIRED ON SPECIFIED ITEMS (GOVERNMENT CODE § 84308)

The Levine Act states that parties to any proceeding involving a license, permit or other entitlement for use pending before the Board must disclose on the record of the proceeding any campaign contributions of more than \$500 (aggregated) made by the parties or their agents to Board Members within the preceding 12 months. Participants with financial interests, and agents of either parties or participants, are requested to disclose such contributions also. The disclosure must include the name of the party or participant and any other person making the contribution; the name of the recipient; the amount of the contribution; and the date the contribution was made. This disclosure can be made orally during the proceeding or in writing on a request to speak.

### **Agenda Items**

#### **CONSENT AGENDA**

All agenda items listed under this section are considered to be routine and will be acted upon with one motion. There will be no separate discussion of these items unless a member of the Board of Supervisors or the Chief Administrative Officer so requests, in which event, the item will be considered separately in its normal sequence.

<b>Agenda #</b>	<b>Subject</b>
1.	ADVERTISE AND AWARD A CONSTRUCTION CONTRACT FOR LAKESIDE SMALL DIAMETER SEWER IMPROVEMENTS PROJECT

**1. SUBJECT: ADVERTISE AND AWARD A CONSTRUCTION CONTRACT FOR LAKESIDE SMALL DIAMETER SEWER IMPROVEMENTS PROJECT (DISTRICT: 2)**

**OVERVIEW**

The Department of Public Works (DPW) manages a sewer system for communities that are within the jurisdiction of the San Diego County Sanitation District (District). The District's service area encompasses unincorporated communities within Supervisorial Districts 1, and 2 and 4. The District sewer system is comprised of approximately 432 miles of sewer lines, 8,200 maintenance holes, eight pump stations, several pressurized force mains, and three wastewater treatment plants.

The District completed a condition assessment of its entire sewer system in 2021 using closed-circuit television inspections and identified sewer segments that need to be rehabilitated based on consequence and risk of failure. The prioritized list of sewers to be rehabilitated includes various locations in the communities of Lakeside and Alpine. Rehabilitating identified sewer segments will help prevent interruption of sewer service for important daily activities for the community such as taking a shower, flushing toilets, and/or draining a sink. Additionally, it will minimize the likelihood of sewer spills and will allow for efficient transport of wastewater. While rehabilitating sewer segments, sewer service laterals will not be disconnected from the sewer main for more than one workday and the laterals will be monitored to prevent sewage backup. Notices will be sent to property owners in advance for all construction activities. The engineering plans and specifications to rehabilitate identified sewer segments in Lakeside and Alpine are complete and the project is ready to be advertised.

This is a request to approve the advertisement and subsequent award of a construction contract for the Lakeside Small Diameter Sewer Improvements Project. Construction is scheduled to begin fall 2025 and be completed by fall 2026. The estimated construction cost is \$2,800,000 including contingency. Total project costs, which include staff time and design, are estimated to be \$4,400,000. Funding for this project is included in Fiscal Year 2025-26 Operational Plan for the District.

**RECOMMENDATION(S)**

**CHIEF ADMINISTRATIVE OFFICER**

1. Find in accordance with Section 15301 of the California Environmental Quality Act (CEQA) that the Lakeside Small Diameter Sewer Improvements Project is categorically exempt from CEQA review because it involves the maintenance of existing public sewer lines involving no or negligible expansion of existing use.
2. Authorize the Director, Department of Purchasing and Contracting, to take any action necessary to advertise and award a contract and to take other action authorized by Section 401 et seq., of the Administrative Code with respect to contracting for the Construction Contract for the Lakeside Small Diameter Sewer Improvements Project.
3. Designate the Director, Department of Public Works, as County Officer responsible for administering the construction contract, in accordance with Board Policy F-41, Public Works Construction Projects.

## **EQUITY IMPACT STATEMENT**

The San Diego County Sanitation District strives to preserve, enhance, and promote quality of life and environmental resources through the implementation of programs and projects that improve regional community health and environmental quality, while also complying with mandatory federal and state regulations governing sewer discharges. The infrastructure enhancements realized through the completion of this project will benefit the surrounding communities by reducing the risk of sewage spills and adverse impacts to water quality.

## **SUSTAINABILITY IMPACT STATEMENT**

Today's action supports the San Diego County Sanitation District's (District) focus on the safe collection, treatment, and disposal of wastewater and contributes to environmental, social, and health and well-being sustainability benefits of the County of San Diego. By staying in compliance with the State Water Resource Control Board's regulation, the District can maintain a well-kept sewer system that protects the health and well-being of the communities it serves and helps protect water quality, both of which are key sustainability goals for the County.

## **FISCAL IMPACT**

Funds for this request are included in the Fiscal Year 2025-26 Operational Plan in the San Diego County Sanitation District. If approved, construction costs for the Lakeside Small Diameter Sewer Improvements Project are estimated to be \$2,800,000 including contingency. Total project costs, which include staff time and design, are estimated to be \$4,400,000. The funding source is San Diego County Sanitation District funds. After the project is completed, these sewers will be routinely maintained as a part of the entire sewer system maintained for \$3,900,000 per year. The funding source for the routine maintenance is the San Diego County Sanitation District funds. There will be no change in net General Fund costs and no additional staff years.

## **BUSINESS IMPACT STATEMENT**

When approved by the Board of Directors for advertising and award, this San Diego County Sanitation District construction contract will be competitively and publicly bid and help stimulate the local economy by creating primarily construction related employment opportunities. All workers employed on public works projects must be paid the prevailing wages determined by the California Department of Industrial Relations, according to the type of work and location of the project. The prevailing wage rates are usually based on rates specified in collective bargaining agreements.
