

# Request for Proposal:

## Substance Use Disorder Outpatient Teen Recovery Center Services

### Service Description

Teen Recovery Centers (TRC) offer age-appropriate substance use services to adolescents ages 12 up to 21 and their families at regionally based Drug Medi-Cal (DMC)-certified school sites (via SchoolLink) and outpatient clinics. TRCs enroll adolescents in early intervention, outpatient treatment, or recovery services based on American Society of Addiction Medicine (ASAM) criteria. Modalities include education on substance use, individual, group, and family therapy, life skills training, relapse prevention, peer support, and introduction to prosocial activities.

### Pre-Proposal Conference

There will be a pre-proposal conference scheduled for May 7, 2026, at 2:00PM. Registration and instructions are available in the RFP packet. Questions are due by May 14, 2026, at 5:00PM.
