

Lily's Wings - A Bilingual Play For Youth

Raising Awareness About Human Trafficking

About Lily's Wings

Lily's Wings is an original play created by Jo Beth Gonzalez's drama group at Bowling Green High School in Ohio as a social justice theatre piece-which is now being brought to the Bay Area - being produced by Fuse Theatre. The play is for all audiences to bring awareness about human trafficking.

The play is centered around a young girl, Lily, who is lured by the attentions of an older boy, Vic, whose motives are not what they seem.

Please come out and support the engaging play to learn more about human trafficking. All proceeds will benefit Trees of Righteousness, Inc., a non-profit organization

dedicated to opening a safe house for female human trafficking survivors, 18 years of age and above. Please visit Trees of Righteousness at www.TORorg.com for more information on the organization.
